Girls Golf Season is a "Fall Sport"

We meet and practice throughout the summer and the year. Our Team is available to any student at Burbank High that is interested in playing golf. You will need to attend daily practices and try outs during the summer for our fall sport.

Golf Season Expectations:

(A season-long commitment will be asked from each player which includes Practices, Summer Session, League Play and Playoff season).

- Players will need to miss classes throughout the season for matches that they will be playing.
 - These will be excused absences for school activities. - Any missing homework will be made up by the student
- The player must also **maintain a minimum 2.0 GPA throughout the season and school year.**

Attendance, effort, attitude and participation during practice is very important in helping the coaches decide:

- **On how much the player will play and also in receiving a grade for golf.**

Team Fundraising:

The School provides minimal funding for our program, so players will need to do fundraising to help cover our team costs for practice equipment, uniforms, green fees and transportation costs
