2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Twelve Bridges High School is in its fourth year of operations, serving approximately 1340 students in the 9th, 10th, 11th and 12th grades. Our comprehensive high school offers a full slate of core academic classes, rigorous and engaging electives, and four distinct CTE pathways that include Biomedical Science, Computer Science, Business and Finance, and Media Arts. In addition to robust academic offerings, our school offers diverse extra-curricular activities so that all students can feel connected to their school. From clubs, to sports, to visual/performing arts, our students have a variety of options to find activities that suit their interests and help feed their connection to our school and community.

2024-25 School Description and Mission Statement

Our beautiful facilities are a true point of pride- our classrooms feature flexible seating arrangements, 1:1 technology for our students, state of the art labs for our science and CTE classes, and so much more. From our theater, to our gymnasium, to our stadium, and to every other corner of our campus, our facilities are aesthetic and supportive of a safe and effective learning environment. This academic year, additional athletic fields, a ticketbooth/snack bar, and permanent restroom were all added to support PE classes, student athletics, and the community at large.

Our Mission Statement is Twelve Bridges High School pursues excellence in education with purpose, commitment, and perseverance; our Vision is that Twelve Bridges High School will create the opportunities and provide the support for each member of its community to learn, grow, and become the people they aspire to be. Combining how we serve our students and community with what we want to accomplish, we condensed these two statements into our Value Actions- four simple yet powerful words that define how we measure success and what we challenge every member of our Rhino family to accomplish- "Learn, Strive, Lead, and Thrive."

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

A key element of our instructional materials is that TBHS, like the entire district, is now 1:1 in computers/chromebooks, so that each student has their own Chromebook device. With this in place, many of our instructional materials are now delivered online, although hard copy books are still in use in several departments and classroom sets of textbooks/novels are available. For families that have internet connectivity issues, our district is able to provide mobile hotspots to boost internet connectivity, which is essential for many of our online instructional programs.

School Facility Conditions and Planned Improvements

Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	X		School grounds, building, common areas, and individual rooms appear to have been cleaned regularly. There is no evidence of a major pest or vermin infestation.
Electrical	X		Admin 4,866 sq ft: Flag pole light is not working. Student parking lot lights need repair to several light poles. C-106 913 sq ft: Electrical cord reel is broken C-109 1251 sq ft: Exterior Kiln is not working D-106 1288 sq ft: Cord reel needs repaired C-210 910 sq ft: Exterior metal security gate to the student parking lot right leaf is not working There is no evidence that any portion of the school has a power failure. Electrical systems, components, and equipment appear to be working properly. There are no exposed electrical wires. Electrical equipment is properly covered and secured from pupil access. Lighting appears to be adequate and working properly, including exterior lights.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	X		Restrooms in the vicinity of the area being evaluated appear to be accessible during school hours, clean, functional and in compliance with SB 892 (EC Section 35292.5). Drinking fountains appear to be accessible and functioning as intended.
Safety: Fire Safety, Hazardous Materials	X		The fire equipment and emergency systems appear to be functioning properly. The fire sprinklers appear to be in working order (e.g. there are no missing or damaged sprinkler heads). Emergency alarms appear to be functional. Emergency exit signs function as designed, exits are unobstructed. There does not appear to be evidence of hazardous materials that may pose a threat to pupils or staff. Hazardous chemicals, chemical waste, and flammable materials are stored properly (e.g. locked and labeled properly).
Structural: Structural Damage, Roofs	X		There does not appear to be structural damage that has created or could create hazardous or uninhabitable conditions. Severe cracks are not evident. Ceilings & floors are not sloping or sagging beyond their intended design. Posts, beams, supports for portable classrooms, ramps, and other structural building members appear to be intact, secure and functional as designed. There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines the structural components. Roof systems appear to be functioning properly.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences		X	Conditions that pose a safety and/or security risk are not evident. There is no exposed broken glass accessible to pupils and staff. Exterior doors and gates are mostly functioning. The gate between the C building and the parking lot, as well as the Stadium gates, do not work and it does pose a security risk.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2023-24 Career Technical Education Programs

TBHS offers CTE programs in four industry sectors- Health Sciences, Arts/Media and Entertainment, Business and Finance, and Information and Computer Technology. Students are able to complete three or four year CTE pathways. The Business and Finance began last year, so at this time students can only take the Introductory or the Concentrator courses. A Capstone course is being added in 2025-2026. Our district has a rich history of commitment to CTE studies. Funding of these programs comes primarily through CTEIG grants that our district applies for annually, and which we have a positive history of being successful with.

All of these classes are offered at TBHS and conducted by TBHS staff: The courses are listed here:

Health Sciences: Principles of Biomedical Science, Human Body Systems, Honors PLTW Medical Interventions, Medical Terminology (DE semester long course) and Allied Health (DE semester long course)

Arts/Media and Entertainment: Intro to Media Arts, Intermediate Film/Video Production, Digital Photography, Media Internship, Intermediate Student Media, Advanced Student Media, Advanced Video/Film Production and Advanced Digital Photography.

Information and Computer Technologies: Exploring Computer Science, AP Computer Science Principles, AP Computer Science A, and dual enrollment courses with Sierra College IT90 and IT100.

Business and Finance: Introduction to Business and Finance and Intermediate Business Communication Technology.

The primary district representative is the district College and Career Coordinator, who organizes all CTE advisory meetings.

Our district advisory committee meetings include multiple representatives from all industries that our district offers CTE pathways in.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents have many opportunities to be involved in our school. One of the first interactions for every incoming parent is to have a course selection meeting with a TBHS staff member and their student. This meeting empowers the student to begin making choices that will initiate them on their high school and post secondary paths.

Our "Rhino Rollout" Event allows parents to come see all of the programs TBHS has to offer, provides the opportunity for our parents to dialogue with staff members, and explore the options students have when they come to our school. They can also attend informational break out sessions that allow for questions and answers regarding academics, student engagement opportunities, and Career Technical Education pathways.

All sports are required to have parent informational meetings, many of which include opportunities for parents to volunteer within the team to help support programs that their son or daughter has an interest in. These are repeated every season (Fall, Winter, Spring).

Our School Site Council is open to any parents who would like to be involved with some of the more in-depth decision making, budgetary, and school safety aspects. We meet quarterly to ensure the lines of communication are always open.

Our TBHS Booster Club is likewise open to any parents who wish to be involved in the support of academic, athletic, and co-curricular programs at TBHS. They meet monthly, and their meetings are open to any members of the community who wish to participate.

Several district opportunities for parental involvement exist as well, including our District Facilities Planning meetings, where parents and other community members provide input on facility improvement plans. The District English Learner Advisory Committee (DELAC) provides families the opportunity to interact and engage with school leaders on the important topic of how to better support our families where English is not the primary language spoken at home.

Through communications avenues like Schoology, Parent Square, FaceBook, and Instagram we strive to keep our parents fully informed of news, events, and happenings at TBHS, and these platforms provide the opportunity for two-way communications. Our phones are always answered by a live person during office hours and parents are welcome to walk in and ask to speak with an Administrator at any time.

2024-25 School Safety Plan

The Twelve Bridges High School School safety plan was updated in the fall of 2024, and discussed at staff meetings in August and September of 2024, and shared and reviewed at the October 2024 School Site Council meeting that includes certificated staff, classified staff, parents, students, administration, and our school resource officer. It was Board approved in December

2024-25 School Safety Plan

2024. Key elements of this plan include safety drills in connection with the Standard Response/I Love You Guys Protocol that is utilized by our entire district, Socio/Emotional well being supports so that students feel not only physically but emotionally safe, and a review/growth/reflection plan so that, in the third year of our existence, we can learn from our drills and procedures, evaluate what worked, and improve what was less effective. We did a vulnerability assessment with the Sacramento County Sheriff agency in Spring of 2022 and we put the recommended safety suggestions into place. We also gain input from Lincoln Police Department and Lincoln Fire Department to ensure that we are using best practices, and we gain feedback from these entities on our drill efficiency.

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2023-24 Types of Services Funded

Many programs at our site are funded directly by district support, including programs like AVID, which helps create a college going mindset for students on campus, and our Wellness Together counseling program, which offers students regular counseling services to support their mental health and well being. We added a Wellness Center to our campus this year and it is fully funded through Placer County Office of Education. Again this year the district also funded the use of SmartPass to schedule interventions. In addition, the district grants site funds to allow site administrators the flexibility to fund programs that are most relevant and needed at their individual sites. At TBHS, these funds are utilized in large part to support our tutoring program. Based upon the highly-successful peer tutoring program at Lincoln High School, we offer three times a week in-person peer tutoring for students, completely free of charge. Students are able to get 1:1 and small group support from peers who are hired for their expertise in specific subjects and their desire to help other students be successful, all under the supervision of a certificated staff member. Funds are also used to support professional growth in teachers and staff members who wish to challenge themselves with learning new programs and new strategies in order to better support students and learning. Our district, through CTEIG funds, also strongly supports the implementation and growth of four distinct CTE industry sector pathways at TBHS so that students can investigate college and career readiness in an environment tied to an industry of interest.

Professional Development

Our staff committed itself to the primary goal of creating a positive school culture where our value actions could flourish. Professional development is a continual part of our staff meetings, including refreshers from Solution Tree, and AVID strategy development to help ensure that our school is AVID certified this year. Teachers involved in our co-taught classes that provide support for students on an IEP were provided with time during two days with our co-teach support specialist, who observes and debriefs each of our co-teach teams. Four members of our AVID team attended a three-day conference to develop our AVID site goals and create our AVID platform. Our Culture team meets once a month after school to share ideas, examine best practices, and continually update our school culture creation/improvement plan. Our English department meets with the English department at Lincoln High School to participate in one day and our Foreign Language department attended professional development for a day around curriculum building. These professional development plans reflect only this year, as it is our school's third year, but staff members were also involved in other district and site-based professional development annually before this year including Youth Development Network.

This table displays the number of school days dedicated to staff development and continuous improvement.
