2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Carlin C. Coppin Elementary School is located in the Western Placer Unified School District in the the city of Lincoln. The school serves Transitional Kindergarten through fifth grades; the enrollment is currently 436, with two to three classes at each grade level. The ethnic makeup is as follows: 55% Caucasian, 35% Hispanic/Latino, 10% comprising of African American, American Indian, Asian , Pacific Islander, mixed races and unclassified. We are a Title I school with 44% of our students qualifying for free and reduced lunch. The Principal is Julie Stearn. Kerry Callahan is Western Placer Unified School District's Superintendent.

2024-25 School Description and Mission Statement

We have a full time school psychologist, an MTSS (Multi-tiered Support System) committee, an SEL (Social-Emotional Learning) committee, a new SEL program that ties in with the competencies of CASEL (Collaborative for Academic, Social, and Emotional Learning), a new Math curriculum, a monthly Award Ceremony put on by the Principal with each month addressing one of the competencies ie-Empathy, Integrity and Problem Solving.

Our Title I and Supplemental funds are used to support student growth and achievement in both the academic and social/emotional realms. The majority of our Title I monies are used to fund 3 staff members. 2 Instructional Support Providers (ISP) are funded by this source as well as a bilingual clerk to support the needs of our English Learners and Spanish Speaking Community. Our ISPs directly support student instruction during the instructional day in what is called Spotlight. Students needing additional support or enrichment are identified through our Multi-Tiers Systems of Support process and are matched with appropriate instructional support and are monitored to ensure it is meeting their needs. Our teachers utilize Professional Learning Community (PLC) time on a regular basis to analyze data and determine student needs and plan cycles of instruction based on Response to Intervention practices (Rtl) and Multi-Tiered Systems of Support (MTSS). Our Spotlight time extends upon best first instruction to meet student needs in a more individualized and differentiated format. Subject matter for Spotlight shifts throughout the year based on data and student need. We will also have after-school tutoring servicing 18-24 students that need extra support from classroom teachers. We have also invested with ELOP funds an additional ISP that provides 1 hour of after school support to our TK, K, 1st and 2nd Graders. She will service 24 students per trimesters. We use ELOP money to fund an Art Teacher-where each class receives Art instruction and education once per week. Carlin C. Coppin is a certified AVID Elementary School Site. We continue to use Title I and Supplemental dollars to support our program implementation. This includes supporting our Site Coordinator in the administrative tasks as well as professional development for staff as well as student materials and supplies such as binders and planners. AVID is an internationally recognized program that helps to support college and career readiness for all students. We continue to send staff members to AVID Summer Institute and work to maintain our certification.

With close to 35% of our school population being Hispanic and with 12% being English Learners we continue to employ a Bilingual Clerk to support the needs of this part of our school community. Approximately 19% of our families benefit from primary language support to assist with communication and maintain involvement in their child's education. Our Bilingual Clerk provides direct support to students in the classroom with extra tutoring and/or primary language support when appropriate. She translates important school documents and interprets at conferences and IEP and SST meetings on campus. Additionally this person also serves as a communication liaison between teachers and families when language may be a barrier. She coordinates our English Learner Advisory Council and provides ongoing Parent Information Classes utilizing Latino Family Literature Curriculum and other resources. Our Spanish speaking community is actively involved in our school community and can support their child's learning because they have quick and easy access to the school and can communicate and receive information in their primary language, Spanish.

In addition to personnel we have also been able to utilize our funds to purchase technology and supplemental curriculum materials as well as training and professional development for staff. Over time we have been able to purchase new Chromebooks to support student learning. We are at a 1:1 ratio. We continue to purchase new computers and replace outdated machines as needed. This allows our students to access a key component to our instructional programs, iReady. We utilize iReady Reading and Math for universal screening, progress monitoring and ongoing instructional practice. iReady recommends students work 90 minutes weekly. In order for students to meet that weekly goal we must have enough computers on campus for them to access the program. This year we will also utilize STAR reading and math assessment to further monitor progress and inform our instruction. Our TK-2nd grade teachers all use UFLI (a phonics based supplemental reading program).

Carlin C. Coppin is one of the oldest campuses in WPUSD. We continue to place emphasis on updating and upgrading our learning environments by purchasing new furniture to support flexible seating needs, upgrading classroom technology so teachers can have quick access to teaching tools to best meet student needs. We also continue to utilize these funding sources to upgrade and update our school library.

MISSION STATEMENT: All Students Can Learn & They Know They Are Valued.

VISION STATEMENT: Our mission is to ignite a passion for lifelong learning, empower students to think critically, foster meaningful relationship and connections, and prepare them for a successful future.

School Facility Conditions and Planned Improvements

Carlin C. Coppin is the oldest elementary school in the District. It was built in the 1970's and is showing a bit of tear and wear. Each year there is flooding, issues with heater and a/c, issues with bathrooms, etc. The cafeteria is not suited for the size of the school and can not accommodate our needs. The playground has many unsafe spots with raised blacktop and unusable structure and slide.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents play an important role at Carlin C. Coppin through active participation and involvement in School Site Council (SSC), the English Learner Advisory Committee (ELAC), the Parent Teacher Club (PTC), annual events, and volunteering in the classroom. Parents support school activities such as assemblies, annual events and purchases of teaching resources and rewards. Parents can access our school website, school app or call the school office for more information about becoming involved in school activities. Through our weekly Coppin Connection and the use of Parent Square, we keep constant communication open to our family members.

the office. Staff monitors students at all times throughout the school day including movement about campus and recess times. Emergency procedures are rehearsed throughout the school year. A Behavior Intervention Support program is in place to recognize and reward students for positive behaviors that contribute to a safe and orderly school climate. Input was taken from Staff at Staff Meetings on August 12, 2024 & September 10, 2024. Input was taken from community members at Site Council meeting on October 22, 2024 and was approved on November 14, 2024. Local Law Enforcement was present at a Safety Meeting on December 10, 2024 to review Safety Plans. For more detail, please visit the school or district website to view the Safety Plan in its entirety.
