

The Standard Accident Insurance

Accident Insurance coverage can help pick up where medical insurance leaves off and provide cash to help cover expenses.

How it Works

The Standard coverage pays you cash benefits that correspond with hospital and intensive care confinement. Your plan may also include coverage for a variety of occurrences, such as: dismemberment; dislocation or fracture; ambulance services; physical therapy and more. The cash benefits can be used to help pay for deductibles, treatment, and more.

Meeting Your Needs
