FEBRUARY NEWSLETTER | 2025

Dear Preschool Parents,

We would like to extend a BIG preschool thank you to all our parents at Heights, for your love and support of our school. The week of February 11-14 we will be celebrating our amazing parents during Parent Appreciation Week. We are blessed to count you as members of our Heights family.

For the month of February, we are also going to focus on God's great love and how He demonstrated His love for us. We pray each of you will know the truth about how much Jesus loves you and how He wants a personal relationship with you!

"But God demonstrates His own love toward us, in that while we were still sinners, Christ died for us." Romans 5:8

We know you have many choices when it comes to your child's preschool education...thank you for entrusting your child to Heights Christian Schools!

In His Service,
Wendy Atristain, Sr. Director

- **No Hassle:** Enrollment continues automatically each year until you let us know otherwise.
- **Savings:** Lock in the lowest Re-Registration Fee and tuition rates available.
- **Security:** Your child's spot is secured, eliminating worries about impacted programs or waitlists.

Need assistance with financial planning?

We are here to support you! If you need assistance, contact Marcella Fernandez at mfernandez@heights.net or call 714-921-9070.

Preschool Success

Biblical Application

*"I sought the Lord, and He heard me,
And delivered me from all my fears."*

Psalm 34:4

SELF-HELP & ADAPTIVE SKILLS!

Children have a drive to be independent and do things on their own which is a very healthy part of development! When looking at Self-Help/Adaptive Skills, these skills are used for everyday tasks that prepare them to participate in life activities which includes getting dressed, eating, understanding safety rules, etc. Creating a supportive environment that encourages independence and provides opportunities to practice is a simply, easy way to help your child develop these integral skills!

HIGHLIGHT ON LEARNING

Transitional Kindergarten (TK) was introduced as a “new program” on public school campuses a few years back. **At Heights Christian Schools, however, TK has been an important component of our educational plan for more than 30 years!** TK gives children the gift of time and opportunity to enrich, extend and develop the important concepts and skills they learned in preschool. It strategically prepares students to be successful in their transition to elementary school.

In the TK learning environment, students receive high-quality instruction that promotes social, emotional, physical, linguistic and cognitive development of all students. Curriculum, instruction and assessments are research-based and are engaging, yet playful and appropriate for young children and responsive to the diverse background and experiences of our students. Well equipped to know what to teach these young learners, and how to teach it at this level, our TK teachers provide each student with learning experiences that are developmentally appropriate and based on each child’s individual needs! Routines and transitions are structured to promote interaction, communication and learning.

At HCS, we have known for several decades what the public schools are just discovering: TK provides a valuable alternative for many students who would have been forced to begin kindergarten even though they were not academically, socially, emotionally or developmentally ready. In many cases, students who may have struggled throughout school find themselves now among the more mature in their classes, modeling confidence in learning and providing leadership amongst their peers. TK students also benefit from many of the auxiliary classes offered on the elementary campus.

CHRISTIAN SCHOOLS

PARENT AMBASSADOR PROGRAM

At Heights Christian Schools, partnership with parents is one of our core values. The biblical mandate for training up children is given by God to parents, and we recognize that children learn best when the adults in their lives team up. Therefore, it is our goal and privilege to partner with parents. To that end, we make every effort to meet and exceed the expectations of our current families. As we are successful, it is our hope that parents will serve as ambassadors (advocates, representatives, promoters, champions and supporters) for Christian education and Heights Christian Schools in their communities. **Tell your friends about our schools!**

As a thank you, current HCS families that refer a new student that enrolls will receive a \$500 credit!*

**The referring family must be identified on the online application by the NEW family at time of registration. For every new student, the referring family will receive a \$500 credit to be applied to the UPCOMING school year. No limit on the number of student credits available; refer four new students that all enroll and you will receive a \$2,000 credit. The credit is non-transferrable and has no cash/pay out value. Does not apply to new students from HCS families. Does not apply to current HCS employees. Tuition credit will be posted 30 days after the new students' start date. Offer valid through 6/1/25. Other restrictions may apply.*
