

**We value each of our students and their...**

### **Learning Needs**

Our coaching is completely student-driven. Students decide when they need help, how much help they need, and what they need help with. Our services are completely **unlimited**.

### **Long-Term Success**

Encourage your student to use UPchieve regularly, and we can help them **achieve their long-term academic goals**.

### **Safety and Privacy**

We keep students safe through a combination of volunteer screening, limited sharing of personal data, and built-in safety features. There is **no video** !

## **For Parents and Families**

### **Meet UPchieve**

UPchieve is an education nonprofit that provides **free, online tutoring and college counseling** to students who are in 6th - 12th grade.

Our personalized, on-demand academic support can help students finish homework, earn better grades, and build confidence. We can also help your student explore post-graduation options and navigate the college application process.

### **How to Use UPchieve**

Students can sign up for an account and login directly through their Clever Portal by searching "UPchieve". After logging in, students can speak with one of our trained Academic Coaches any time they need help. **We're available 24/7!**

UPchieve's current subjects include:

- **Math tutoring** (6th grade math through AP Calculus BC)
- **Science tutoring** (Biology, Chemistry, Environmental Science, Computer Science and Physics)
- **English** (Reading and Writing)
- **Social Studies** (US History & World History)
- **Standardized testing** (SAT and ACT)
- **College counseling** including help with application essays & financial aid!
