## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

2024-25 School Description and Mission Statement
Wilson Elementary School serves approximately 553 students in TK to Sixth grade in 2024-2025. Our teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school holds high expectations for the academic and social development of all students. Curriculum planning, staff development and assessment activities are focused on assisting students in mastering the state academic content standards, as well as increasing the overall student achievement of all subgroups. Positive Behavior Intervention Supports are implemented and reinforced on a daily basis for students to feel emotionally and socially safe.

2024-25 School Description and Mission Statement

Wilson Elementary School's positive and rigorous learning environment is a school strength. Classrooms and school programs reflect the school's strong emphasis on learning. Students and parents express pride in the school. The school takes every opportunity to recognize and reward students for their successes and accomplishments.

Wilson Elementary School's vision is Hope for A Better Tomorrow.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## School Facility Conditions and Planned Improvements

Wilson Elementary takes great efforts to ensure a safe, clean, and functional physical environment for students, staff and volunteers. Sufficient space is provided for students and staff to support teaching and learning. Classrooms are inspected regularly to make sure they are up to date and repairs are made in a timely manner. Monthly meetings are held with district personnel to discuss any repairs or new projects on our campus.

All visitors are required to check into the office and wear a visitors badge while on campus.

## School Facility Conditions and Planned Improvements

The day custodian, assisted by night custodian, cleans all classrooms, office, restrooms, and cafeteria daily. The district grounds crew regularly mows and trims the grounds. Our intercom, fire alarm, and alarm are constantly checked to ensure efficient service to staff, students and local police station.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.						
To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.						
ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.						
Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

2024 School Accountability Report Card

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. **C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
<p>Parent involvement and communication are essential to our student success. Wilson Elementary School continually strives to involve parents by sharing information that helps parents understand and support student learning and by providing opportunities for parent participation in school activities.</p> <p>There are numerous and varied opportunities for parent involvement, including but not limited to, attending school functions, participating in parent-teacher conferences, volunteering in classrooms, and opportunities for parents to serve as chaperones on school field trips. Our School Site Council (SSC), which includes parent members, certificated members, and classified members approves our Single Plan for Student Achievement annually which integrates categorical budget allocations and expenditures. Our English Learner Advisory Committee (ELAC) helps our SSC in making recommendations for our English Language Learners. Parents are also invited to participate in the Wilson Information Sessions, which support parent engagement and learning more about how they can support their student's school experience. If you are interested in helping, please contact the school office. The contact phone number is (559) 595-7370.</p> <p>Also, Wilson has participated in a series of parent community endeavors. Evenings include healthy families, organizational skills, preparing for college, literacy or financial aide for college, among other subjects. New topics are pending for the 2024-2025 school year.</p> <p>If you would like more information about parent engagement activities please contact, Guadalupe Sotelo, Community Liaison at 559-595-7370.</p>

## 2024-25 School Safety Plan

Safety of students and staff is our primary concern at Wilson School, so that students can focus on learning. Our buildings and grounds are safe and regularly maintained. The Warrior Staff understands that parents expect their children to be safe in our care and we take that responsibility seriously. Staff members monitor our campus before school, after school, and during

2024-25 School Safety Plan

recesses.

Our Positive Behavior Interventions and Supports (PBIS) framework is based on principles of applied behavior analysis and the prevention approach and values of positive behavior support.

Our school safety plan is annually updated with the input of parents, classified and certificated personnel, as well as input from Dinuba Police and Fire Departments. The safety plan is then approved by our School Site Council. The plan is also shared at a staff meeting with certificated and classified staff. Our current Comprehensive School Safety Plan was recently updated in December with input from the various members previously mentioned, then reviewed and approved at our SSC meeting in February of 2024, and final draft was shared with staff in March of 2024.

We routinely review playground safety rules with students, certificated, and classified staff. We hold routine fire drills, earthquake drills, and lock down drills regularly. We screen volunteers using our district volunteer policy. Once they have been cleared, they must sign in and out in the office, which has one point of entrance. All visitors must report to the office and sign in and out and are required to wear a visitors identification badge.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained.

## Fiscal Year 2023-24 Types of Services Funded

State and Federal funds, such as Title I and LCAP, are used to supplement and support core programs and instructional routines to increase student achievement. This is done through providing professional development for teachers and staff; funding positions such as Instructional Assistants, Behavior Interventionists, and library technicians to provide targeted support and intervention for students during the school day; purchasing supplemental materials and supplies; and providing additional academic supports for students. Additional academic supports provided are GATE modules as enrichment for students performing on or above grade level, as well as intra-day and after school interventions to support students performing below grade level standards in ELA or math. LCAP funding has enabled the school to employ reading intervention teachers to support students with strategic reading instruction during the school day.

Student body funds are raised annually through school fundraisers such as a school carnival, book fair, and/or product sales to support student activities such as, but not limited to, field trips, incentives, and rewards for reaching academic and behavior goals.

Professional Development

The Wilson staff participates in staff development to enhance implementation in areas, such as but not limited to: Common Core Standards integration training in English Language Arts and Math, English Language Development training, and technology integration training on a variety of platforms.

All teachers have been provided with learning opportunities to expand their knowledge of Common Core Standards and lesson delivery. Coaching was provided by school administration, professional consultants, district ELD, ELA, or Math coach, and on site Instructional Coach.

There were Common Core Standards training in ELA and Math last year. These days are in addition to teachers being provided with release time for various staff development opportunities throughout the school year.

During the current year, Teachers had 2 preservice days of training on the use of technology, SEL competencies, and newly adopted ELA curriculum. County Technology Coaches have been used throughout the year to continue to support our teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.
