## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

2024-25 School Description and Mission Statement
Lincoln Elementary School is a Transitional Kindergarten through Sixth Grade elementary school where staff and families believe that students are destined for greatness. Our goal is to work together to inspire and educate students so that they can reach their maximum potential academically, socially, and intellectually. At Lincoln Elementary School we know that despite obstacles students face in their homes and in the community, they can and should attend school in a safe and supportive learning environment and receive instruction that prepares them to leave each grade on or above grade level in reading, writing, and math. To achieve this, teachers collaborate weekly in grade-level teams to plan standards-based lessons and units, reflect on teaching practices and strategies, and to analyze student work and data. Students who are struggling

2024-25 School Description and Mission Statement

academically have access to tiered supports and interventions to close achievement gaps. English Learners receive English Language Development instruction as well as embedded language supports within their school day. Social-emotional needs are addressed and supported through daily Positivity Project lessons in the classrooms and behavioral needs of students are met and supported through Positive Behavior Intervention and Support framework. With a whole-child approach to education, we can help position students for success in college or careers and help to break the cycle of poverty we see generationally in Dinuba.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students at Lincoln Elementary School have access to high-quality, state-adopted textbooks and instructional materials that align with current California Content Standards. Textbooks in core subjects were adopted within the last five years, and digital access is provided where applicable. Supplemental resources are available for students with specific needs and the school ensures that each student has their own copy of required materials for classroom use and for at home, when needed.

## School Facility Conditions and Planned Improvements

Overall, our facility is in fair condition, given that it dates from the 1950s. The grounds and buildings are cleaned and maintained regularly. We have modified existing buildings to make them more useful for today's needs. Classroom roofs were replaced during the 2006-2007 school year and a fence at the front of the school was reinstalled a few years ago allowing the school to be more secure in the event of an emergency. Additional improvements that have taken place over the past few years include the remodeling of some student restrooms, installing tack board on classroom walls, and repairing and maintaining the

blacktop areas on the playgrounds, exterior paint in 2019, and new swing sets on the playground. During the summer of 2019, fencing was also installed in the interior of the school separating the playground from the classrooms. During the summer of 2021 the interior of the office was painted and in 2022 an outdoor shade structure was installed for outdoor eating and learning. The most recent updates have been to the playground with a new play structure on the intermediate playground, updates to the play structures on the kindergarten and primary playgrounds including shade over the play areas, a cement pad poured on the kindergarten playground for tricycle riding, and a brand new HVAC system in the cafeteria.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	28	29	27	29	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. **B. Pupil Outcomes**

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
<p>At Lincoln Elementary School we take pride in working closely with families and the community in the education of our students. Our parent and community volunteers are part of the cadre of "educators" at our school and strengthen our school program through the many hours that they serve our students and staff. Lincoln Elementary School parents are able to volunteer on campus and are doing so in several ways including material preparation in and for the classrooms, reading and working with small groups of students, and assisting with classroom projects. Parent and community volunteers also help in the school library with shelving books, helping with the Book Fair, photocopying, disseminating flyers, and helping with school activities and projects.</p> <p>Besides volunteering, there are other opportunities for parents to become involved. One opportunity to serve is on the School Site Council (SSC). The SSC works closely with the principal to develop and then annually update the School Plan for Student Achievement (SPSA). Parents of English Learners are encouraged to participate in the English Learner Advisory Committee (ELAC). The ELAC committee is an advisory committee to the School Site Council and serves to represent and support the needs of our students learning English. Last year we launched our Leopard PAC (Parent Advisory Committee). This is a group of parents interested in supporting the school in various ways including volunteering in the classroom and helping the school with planning and running community events. The annual kick-off meeting is a Parent Volunteer Orientation where parents were oriented to Lincoln School and to working on campus with the staff and students. The purpose of our Leopard PAC is to engage parents in supporting educational and recreational needs of Lincoln School and it serves as a vehicle for parent involvement and education. One more great opportunity for parent and family involvement is our Community Events. Our Community Events are held monthly and help to build a strong family-school connection for the purpose of improving student achievement academically, behaviorally, and social-emotionally. They are also opportunities to connect our families with resources from within the community that can support them in various ways.</p> <p>If you would like more information about opportunities for parental involvement, please contact Anna De La Cruz, Community Liaison, at 559-595-7260.</p>

## 2024-25 School Safety Plan

A safe campus is a priority of Lincoln Elementary School. The site is fenced with wrought iron fencing at the front of school which was installed quite recently in order to ensure a more secure campus. During the summer of 2019, fencing was also installed in the interior of the school separating the playground from the classrooms, not only preventing people visiting the

2024-25 School Safety Plan

campus during evenings and weekends from accessing the hallways and classrooms, but allowing for added security during the school day. All gates are locked during the school day except for one open gate at the front of the campus where all visitors must enter through in order to check-in to the office upon arrival. Visitors are required not only to check-in at the office, but to wear a visitor sticker for easy identification while on campus. Each classroom is equipped with a "Lock Block" device which helps to ensure classroom doors can be locked quickly and safely during lock down drills and/or in the event there is a need to secure the campus. Certificated and classified staff members conduct student supervision on campus before school, during recesses and lunches in the cafeteria and on the playground, and after school to ensure student safety. Adults supervising students wear brightly colored vests so that they are identifiable on the playground and communicate with the office and each other using walkie-talkies. We routinely conduct fire, earthquake, and emergency drills. An Emergency Response Code System has been developed in order to quickly and appropriately respond to student behavior and other student needs during the school day. The Emergency Response Team members are connected via walkie-talkies for immediate response to classrooms and other areas of campus when necessary.

A Positive Behavior Intervention and Supports framework has been implemented and behavior expectations have been established for all the areas of the school (classroom, playground, bathrooms, cafeteria, library, office, hallways, etc.). Students are taught and know the behavior expectations called "PAWS," which stands for personal best, always responsible, work and play safely, and show respect. Students have opportunities to be rewarded and recognized for exemplifying these qualities. Lincoln Elementary School was recognized by the California PBIS Coalition as a "Platinum" level school during the 2021-22, 2022-23, and 2023-24 school years for our PBIS implementation and as a "Green Shield" school for our implementation of Positivity Project for the 2022-23 and 2023-24 school years.

Our School Safety Plan is updated each school year and is approved by the School Site Council.

## Fiscal Year 2023-24 Types of Services Funded

At Lincoln Elementary School, our commitment to providing a well-rounded and supportive educational experience is reflected in the variety of services funded to enhance the academic, social, and emotional development of our students. LCAP and Title I funds are allocated to support a comprehensive curriculum that includes core academic subjects such as English language arts, mathematics, science, and social studies. To meet the diverse needs of our students, resources are also allocated for support services, including counseling, reading intervention, special education, and English language development. These services aim to foster an inclusive and supportive learning environment for all students. Professional development opportunities for our teachers and staff to enhance their skills and keep them up-to-date in the best practices in education, technology integration and resources, and enrichment opportunities such as educational field trips and GATE are also funded to support student growth and achievement at Lincoln School.

Professional Development

Current Professional Development includes training and supporting teachers and staff in content areas such as English language arts and math, in the use of the new adopted ELA and math curriculum, and in use of supplemental programs such as Achieve 3000, Heggerty, and UFLI to support literacy growth of our students. Professional Development is delivered during designated district professional development days, weekly PLC meetings, biweekly staff meetings, conference attendance, and release days. Implementation is supported through a coaching model provided by site coaches, district coaches, and, at times, program consultants.

Staff Development days are built in the district school calendar. The numbers listed below indicate the number of district staff development days during the indicated school years.

2022-23: 2 days

2023-24: 2 days

2024-25: 2 days

Additional support is provided to grade levels through district and on-site English Language Arts and Math days, as needed.

This table displays the number of school days dedicated to staff development and continuous improvement.
