2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>A Message from the Principal:</p> <p>Jefferson School represents a true professional learning community. The Jefferson staff works as a collective team to support student success and strives to make a positive impact on the community of Dinuba. Jefferson School has shown continuous improvement in student achievement through the transition to Common Core State Standards in ELA and Math. Jefferson staff believes that:</p>

2024-25 School Description and Mission Statement

Through high quality mathematics instruction and assessment, DUSD students will have the mathematics content knowledge, conceptual understanding, and problem-solving ability to succeed in college and career. Additionally, through high quality English-Language Arts instruction and assessment, DUSD students will demonstrate 21st Century Skills and have the reading proficiency, writing fluency, and communication skills to succeed in college and career.

Jefferson School has a culture that focuses on student learning and development. The Jefferson School staff believes that all students can learn and as such every child should be provided with instruction and learning opportunities focused on attainment of grade level standards. Our district and site academic coaches continue to assist teachers in Math, English Language Arts, and English Language Development. Grade-level collaboration days make it possible for teams of teachers at each grade level to work with administration and academic coaches to improve teaching and learning at Jefferson Elementary. Staff training activities focus on: Common Core math strategies, key standards to be taught in language arts and math, instruction for English Learners, student engagement structures, and common assessments.

Jefferson has identified a few high leverage, key actions that will be taken to provide high-quality, rigorous ELA and Math instruction. They are:

Use student data to make instructional decisions that will improve students' achievement.

Focus on academic support for students who are at risk of failing. Use intervention materials to continue strategic and intensive interventions for targeted students during the school day.

Provide specific instruction for our English learners at the ability level appropriate for each student.

Use instructional technologies to enhance student learning and engagement.

Continue to develop our Professional Learning Community to focus on learning, results, and collaboration.

Provide more parent engagement opportunities.

The Jefferson staff understands the importance of community involvement. Teachers supervise students in community activities such as the Raisin Day parade, Christmas Parade, Cinco De Mayo Parade, Youth Night in the Park and our school carnival.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Dinuba Unified School District's maintenance department responds rapidly to work orders that are submitted. The issues listed on the FIT report were remedied quickly if possible and larger projects are scheduled when students are not in session and/or when funding is available. Several other items are currently being considered for improvement with modernization money: a secure entrance to the school site and air conditioning in the cafeteria.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.						
To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.						
ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
Parent participation is critically important to the continued growth and well-being of our students. Parents are active on campus and support our programs through classroom volunteer efforts, the School Site Council (SSC), the English Learner Advisory Council (ELAC), and the Parent Teacher Organization (PTO). Our SSC, which includes parent members, approves our annual school plan. Annually, Jefferson invites parents to the Title I Parent Involvement Meeting to share with the parents and community how Jefferson is performing as a school. Jefferson's Parent Teacher Organization continues to maintain a strong presence on campus through the involvement of our school carnival and holiday activities. The purpose of the PTO is to provide support to students throughout their educational career at Jefferson. They help at school events and hold various activities throughout the year to involve students. The school is also fortunate to have a local church providing support to the students and staff. The Living Word Fellowship Church continues to help in a number of ways. They have supplied volunteers to help at school events, organized members to come weekly to read with students, and have even organized community work days where students, parents, school staff, and church members joined together to tackle some beautification projects on campus. If you would like more information about Parent Engagement Activities, please contact Brisia Navarro, Community Liaison at 559-595-7360.

2024-25 School Safety Plan

The Jefferson Elementary community supports our efforts to ensure a safe campus. Staff members monitor our campus before and after school, and during recess. The goals of our school safety plan are to maintain a clean, safe, campus; to keep all students and staff emotionally and physically safe; to maintain strong school-home relationships with positive, consistent, and

frequent formal and informal lines of communication; and to maximize instructional time by minimizing classroom disruptions. The school has implemented Positive Behavior Interventions and Supports to encourage students to make wise choices and perform up to their ability at school. We are currently a Platinum Implementation school in regards to PBIS. The school website, social media platforms, and direct family communication provide information to students and parents. The Safe School Plan is updated and approved annually by the School Site Council. It was last reviewed and approved on February 2024. Some of the areas of safety which remain a concern for parents and staff are busy intersections located directly in front of the school as well as the intersection at the corner of Sierra Way and Crawford. The limited amount of drop off locations is also a huge concern for parents as well. The last safety concern for parents is the front gate. Parents would like to see an automatic locking door installed.

Professional Development

Jefferson Elementary School hosts several Professional Development opportunities for our staff members. Staff development activities at Jefferson School are focused on providing good first teaching to all students, improving instruction for our English Learners, as well as increasing math and reading achievement. All teachers have been provided with learning opportunities to expand their knowledge of student engagement structures, Common Core instructional strategies in ELA as well as Math. Teachers are also afforded the opportunity to take part in coaching cycles where they will be provided with lesson feedback and coaching from the site coach, district coaches and administration. Teachers are also supported through district ELA and Math coaches who are available for in-class coaching and serve as resources for successful implementation of the district curriculum. Based on students' DRA2 and STAR Reading data, teachers have determined that literacy should be a major focus
