Dear Director McGurl:

We have reviewed the documentation that was submitted on January 7, 2025, and the supplemental information submitted on January 23, 2025, by the Hamilton-Wenham Regional School District for the construction project at the Cutler Elementary School. We have done so in accordance with M.G.L. chapter 70B, section 6(6), which instructs us to certify "...that adequate provisions have been made in the school project for children with disabilities, as defined in section 1 of chapter 71B...".

We are satisfied with the district's proposal and believe their special education plan will provide the community with an opportunity to serve its special education students well. The Massachusetts Department of Elementary and Secondary Education certifies that this school project has been planned and designed to adequately provide appropriate space to serve the programs and school populations referenced in M.G.L. chapter 70B, section 6(6) noted above.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt Deninger".
