2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

School Description and Mission Statement (School Year 2024-2025)

The Travis School community is committed to student learning, in a safe and nurturing environment, where everyone is held to high expectations and strives to reach their maximum potential.

All Travis students will be proficient in Reading, Writing and Math.

About Our School

2024-25 School Description and Mission Statement

At Travis Elementary School we make student success a priority. We make sure that our students have a safe learning environment that is filled with learning opportunities that are common core state standards-based and aligned to board adopted curriculum. Our staff is certified and trained in practices, procedures, and strategies that are student-centered.

Our staff cares about the success of our students and works to engage their connection to and belonging with our school family. Creating a school climate conducive to their success is a daily focus.

As such we have developed our school plans with our community partners to ensure the success and well-being of our students. Our plans are developed after gathering data from surveys and review of curriculum, program and facility needs given to students, staff and family members and discussing the results with our site leadership teams and all our stakeholders. This comprehensive approach enables our ability to maintain a school climate and environment that results in the success and well-being of our students.

Our staff participates in regular professional development including but not limited to math lessons, English lessons, positive behavior intervention, school safety, social emotional learning, school climate and culture, equity, special education supports and more.

Furthermore, we practice safety drills regularly and offer counseling services to students with needs. Our teachers teach lessons from the Second Step program in the classroom regularly that teach students the skills that are designed to help them cope with different situations that arise when needed.

Additionally, we have a student recognition program that is designed to celebrate students when they demonstrate the PBIS Travis Expectations of being Safe, Respectful and Responsible as well as our monthly Character traits.

Every year we review our plans and make adjustments as needed.

We appreciate our parent and community member participation in our school and programs and your contributions to the academic and social success of our students!

Thank you for your continued support!

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Travis Unified School District held a public hearing on September 26, 2023 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

School Facilities

Travis Elementary School's campus was originally built in 1958 and remodeled in 1995. The school contains 30 classrooms, one library, a gym/multipurpose room, one staff room, and three playgrounds. At the time of publication, 100% of restrooms were in working condition. Facilities information is current as of December, 2024.

Cleaning Process

The principal coordinates with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The Director of Maintenance and Operations coordinates in-service training for the custodial staff. Outside maintenance is done on a regular basis or as needed. Currently the district has no specific policy on cleaning requirements and has adopted the CASBO Custodial Handbook and applied the cleaning standards and care of equipment for this purpose.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Facilities Master Plan Policy (BP7110) and the Environmental Safety Policy (BP 3514) guide the maintenance and repair protocols for the district. The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. There are no major deficiencies at this site. The items noted in the table have been corrected or are in the process of remediation. The TK playground was remodeled during the 2019-20 school year with a track for students to ride their tricycles and the playgrounds have been slurried.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents play an important role at Travis Elementary School through active participation and involvement in the School Site Council, PTO, and as volunteers in classrooms, during lunch and at school activities. Travis Elementary School hosts Math and Literacy Nights. We have held school-wide reading events and awards assemblies during the day with parent involvement. Parents help organize fun runs, book fairs, donation drives, holiday events and festivals. Travis Elementary School benefits from partnerships with local businesses and services including David Grant Medical Center and the Travis AFB squadrons. Additionally, parents involved in the USO have supported school-wide events. We greatly appreciate our parent participation in our school as an integral partner in supporting our school climate and culture.

Contact Information:

Parents who wish to participate in Travis Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the school at (707) 437-2070.

2024-25 School Safety Plan

The safety of students and staff is a primary concern of Travis Elementary School. The School Site Safety plan is evaluated and revised annually by Travis staff members and School Site Council. Key elements of the Safety Plan are the school's physical and social/emotional environments, as well as the Emergency Response Team. Included within the School Site Safety

2024-25 School Safety Plan

Plan is a disaster preparedness plan which lays out steps that are to be taken to ensure student and staff safety during a disaster. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

Fire and other safety drills, such as earthquake, secure and lockdown, are conducted on a monthly basis throughout the school year. Travis Elementary coordinates with the TAFB Fire Department, and Security Forces in regards to student safety and disaster preparedness. Students are supervised throughout the day by teachers and noon duty supervisors. All visitors to the school must sign in at the school office and receive a visitor's badge.

The School Safety Plan was approved by the School Site Council on December 17, 2024.

Fiscal Year 2023-24 Types of Services Funded

Travis Unified receives funding through the Local Control Funding Formula (LCFF), including Supplemental Grant Funding (SGF), which is designated to support high-needs student populations such as English learners, foster youth, and homeless students. Additionally, the district receives federal Title I funds, which are allocated to qualifying school sites per the methods described by the California Department of Education. These funds are used to provide targeted instruction, support struggling students, and fund professional development. Title II funds are allocated for professional development across the district, while Title III funds focus on services and programs for English learners. Some funding is also allocated to support Special Education programs.

As part of LCFF, districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP) along with an LCFF Budget Overview for Parents. These documents outline how the district uses its resources to address the eight state priority areas, ensuring improved outcomes for all students, including specific subgroups.

The eight state priority areas include student achievement, implementation of state standards, student engagement (such as attendance and dropout rates), school climate, parent involvement, basic services, course access, and other locally identified
