2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Longwood Elementary School Vision Statement:

Longwood Elementary is proud to be recognized as a collaborative community of students, families, and staff dedicated to the inspiration of every individual's desire to learn and achieve their greatest potential. Collectively, we provide a welcoming, engaging and supportive environment that fosters personal responsibility, creativity, and curiosity.

Longwood Elementary School Mission Statement:

2024-25 School Description and Mission Statement

Our mission is to create independent, critical thinking, lifelong learners who persevere through challenges, are socially conscious, and are equipped to lead in the 21st century.

Longwood School is committed to the academic growth, safety and well being of all of it's students. We are utilizing different strategic academic and behavioral interventions to support students, as well as trying to keep all students engaged by integrating the arts into our curriculum. Longwood holds several community events throughout the year to show our students that the community has a vested interest in their success as well. Our numerous on site services and community partnerships help our students to close achievement gaps that are typically seen in urban school settings. Although we still have a lot of work to do, we are doing a little better in all aspects every year. This is further supported by a school staff that engages with all students in a caring and respectful way. We are very lucky to be a part of the Longwood community.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

General: The district places a strong emphasis on ensuring that all schools are safe, clean, environmentally friendly, mechanically functional and inviting for students, staff members, and the community. To assist in this effort, the district utilizes the Facility Inspection Tool (FIT) developed by the State of California OPSC and local operations department developed inspection survey methods to keep facilities in compliance with all federal and state health and safety regulations. The district regularly inspects and reviews the condition of the school facilities and surrounding grounds. The district places the highest priority on those safeguards that impact the fire, life and safety protection of the students, staff, and school buildings. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings: Longwood was constructed in 1952. This school has twenty-two (22) permanent classrooms, a multipurpose room, a library, and an administration building. In addition to the main building, there are seventeen (17) portable classrooms that have been added to accommodate class size reduction and instructional programs.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order system process is used to ensure efficient service and highest priority is given to emergency repairs. At the time of publication, 100% of the school's restrooms on campus were in good working order.

Cleaning Process and Schedule: The district has developed cleaning standards and schedules for all schools in the district. A summary of these standards and schedules is available at the school or the Maintenance & Operations office. The principal, with the guidance of the Facilities, Maintenance, Operations and Transportation (FMOT) Department works daily with the custodial team to ensure that the cleaning standards are met, and that classrooms, restrooms, and campus grounds are kept clean, safe, and well-maintained.

Modernization Projects: Since 2019, local bond funds (Measure H) are being used to complete various modernization and infrastructures projects throughout HUSD. At Longwood Elementary these projects have included replacement of the Fire Alarm/PA System, fencing, re-paving/stripping of asphalted areas, replacing the roof system and exterior painting of the school. Two new inclusive playgrounds structures were installed through separate funding sources. The site has also began a classroom modernization of all main campus classrooms. All work described is scheduled to be completed by the end of the 2025/2026 school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	13	12	20	20	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Longwood Elementary School greatly benefits from its supportive parents who participate on the School Site Council (SSC), the English Language Advisory Committee (ELAC), and various other school sponsored events throughout the year. Together with our Family Engagement Specialist, families at Longwood School have established a successful Family Center that has become a central meeting location for parent information and education. Longwood continues to encourage family involvement as we look to continuously expand opportunities for our families to get involved with the school.

Opportunities for Parental Involvement at Longwood

- Assist in organizing and decorating the Family Center
- Be involved in the various activities offered such as Parenting Workshops, nutrition classes and other trainings, Coffee with the Principal meetings, chaperone a school field trip and ELAC
- Assist in the classrooms around the school
- Assist in decorating and updating bulletin boards and school common areas.
- Participate and prepare for school events such as Parent Recognition Night, Promotion Ceremonies, school fundraisers and other events.

2024-25 School Safety Plan

At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. The School Safety Plan was presented to the School Site Council at the first meeting of the 2024-2025 school year and unanimously approved by the SSC members. The plan was also presented to Longwood ELAC at the January, 2025

meeting. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Longwood School uses the Share 911 program that is a method of communication during a disaster or emergency. Teachers have been trained on the safety plan and the Share 911 program.

Safety is a high priority because it is necessary to ensure a successful and healthy educational environment. Students are supervised throughout the day by teachers, administrators, and other campus supervisors. There are designated areas for student drop-off and pick up. Visitors need to check in at the front office and receive a badge.

Fire, disaster, and lockdown drills are conducted on a regular basis throughout the school year so that all staff and students are familiar with what steps to take in an event of an emergency.

Our school has an active School Safety Committee that includes administrators, teachers, maintenance, school supervisors, and other staff members. The committee works together in forming and revising the school safety plan as well as responding to day-to-day safety issues. At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff.

Fiscal Year 2023-24 Types of Services Funded

The Local Control Formula Funds are used to ensure all students graduate college and/or career ready. Our district ensures that all students have access to and success in a broad curriculum. In addition, that students master Common Core State Standards. We do this by expanding College and Career support programs, expanding Career Pathways as well as implementing reading intervention systems. In addition, we have updated and expanded the district's technological infrastructure and obtained more computer software and personnel to maintain it.

At Longwood we have purchased online learning tools such as Lexia and RAZ Kids to support our emergent readers and our English language learners. Through these learning tools, we have created a reading intervention program that helps our struggling readers. Through our site funds we also set aside money for books, learning experiences, and visual and performing arts opportunities for our students. We also set funding aside for student and family support whether that be through our SST process or through our Family Center. All categorical school expenditures are outlined in detail in the school's SPSA.

Longwood has also funded two Bilingual para-educators to work in small groups with our young readers and support the teachers with lesson development and assist our ELL Specialist with ELPAC testing, among other assignments. Our human

resources categorically funded by the school have proven to be our most valuable resources. The district also funds several support positions. Most notably our Family Engagement and Outreach Specialist, Community Schools Specialist, and Reading Intervention Para-educator. Those positions, with the support of the principal and assistant principal, have allowed us to build a comprehensive and streamlined intervention program that supports all grade levels.

Professional Development

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. In addition to the full day PD days, Hayward Unified School District is also coordinating minimum days to provide ongoing professional development in continuing to develop our Anti-bias/Anti-racist education. Longwood implements a variety of strategies and techniques to support student learning by providing an inclusive and well rounded educational experience that focuses on academic skills and social emotional health.

A main focus for Longwood and Hayward Unified School District has been our work in supporting our entire staff with understanding and discussing what it means to be Anti-bias and Anti-racist in today's challenging society. Unfortunately, we continue to see and experience the glaring inequities that have so long existed in our society. Longwood and HUSD are committed to supporting our diverse student and staff population by discussing issues of race and bias in our society in order to better serve our communities. Issues of race and bias extend further than just our students experiences, but through the fabric and identity of many of our educators and staff. By engaging in these conversations we are hoping to be able to bring acceptance, pride, and recognition to the many beautiful cultures that make up the Longwood community.
