## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

Stonebrae Elementary School is a community-centered TK-6 grade school in Hayward, CA. We believe in the principles of deeper learning and equitable learning experiences for all. We have a Mandarin Dual Language Immersion Program in grades K-6 as well as an English Program available for our students. Our focus is on problem-solving at all grades and guided reading instruction. We provide STEAM and VAPA activities at each grade level. We were an ABAR Equity Pilot school and are now in the process of infusing the principles we have learned into the curriculum and school culture. Youth Enrichment Program (YEP) is a before and after-school program available for k-6 students. We also utilize CircleUp in our classrooms to promote social-emotional learning. We apply Positive Behavioral Interventions and Supports

## 2024-25 School Description and Mission Statement

(PBIS) to promote school climate. Staff members are getting training on Restorative Practices Curriculum as well.

We encourage parent involvement in all aspects of our school, including classroom volunteering and involvement in the following campus groups: PTA, School Site Council, English Learners Advisory Committee, African American Student Achievement Initiative, Asian American Pacific Islander, Latinx/Spanish, and Site Based Decision Making Team.

Stonebrae's mission is to provide an academic foundation for all Stonebrae students and create a positive learning experience in a way that motivates and encourages creativity in students to realize their potential so that they are well-prepared to meet the challenges of the future. Our vision is that all Stonebrae students will be prepared and engaged in 21st-century learning in a positive and supportive environment.

At Stonebrae, we believe in fostering an inclusive and equitable learning environment that celebrates the rich tapestry of our diversity. Our mission is to empower every student, regardless of background, with the knowledge and skills needed to thrive in an interconnected world. We strive to partner with families to promote an education that inspires a growth mindset that recognizes all identities. Our dedicated staff aims to foster an engaging and equitable learning environment that supports strong academic outcomes and ensures that every learner has access to the resources, opportunities, and support necessary to achieve their full potential. This includes challenging and addressing biases, stereotypes, and discriminatory practices to create an environment where everyone feels seen, heard, and valued. Therefore we build partnerships with families, local communities, and organizations fundamental to our mission. By working together, we create a supportive network that reinforces our commitment to equity and antiracism, both within and beyond the school walls.

## School Facility Conditions and Planned Improvements

**General:** The district places a strong emphasis on ensuring that all schools are safe, clean, environmentally friendly, mechanically functional and inviting for students, staff members, and the community. To assist in this effort, the district utilizes the Facility Inspection Tool (FIT) developed by the State of California OPSC and local operations department developed inspection survey methods to keep facilities in compliance with all federal and state health and safety regulations. The district regularly inspects and reviews the condition of the school facilities and surrounding grounds. The district places the highest priority on those safeguards that impact the fire, life and safety protection of the students, staff, and school buildings. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

**Age of School Buildings:** Stonebrae was constructed in 2006. This school has thirty-three (33) permanent classrooms, a multipurpose room, a library, and an administration building.

**Maintenance and Repair:** District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order system process is used to ensure efficient service and highest priority is given to emergency repairs. At the time of publication, 100% of the school's restrooms on campus were in good working order.

**Cleaning Process and Schedule:** The district has developed cleaning standards and schedules for all schools in the district. A summary of these standards and schedules is available at the school or the Maintenance & Operations office. The principal, with the guidance of the Facilities, Maintenance, Operations and Transportation (FMOT) Department works daily with the custodial team to ensure that the cleaning standards are met, and that classrooms, restrooms, and campus grounds are kept clean, safe, and well-maintained.

**Modernization Projects:** Since 2019, local bond funds (Measure H) are being used to complete various modernization and infrastructures projects throughout HUSD. At Stonebrae Elementary these projects have included relocating the entrance to the front office, new roof system gutters, fencing and exterior painting of the school. All work described was completed by the end of the 2022 summer period.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	51	48	35	32	46	47
<b>Mathematics</b> (grades 3-8 and 11)	48	46	20	20	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Parent and family involvement is strongly encouraged and welcomed at Stonebrae Elementary School. Parents are encouraged to join PTA and volunteer in the classroom activities, celebrations, and field trips. All parents and families are welcome to participate in various school activities including our Fall Fest, Winter Fest, Reading Night, and Math Night. PTA conducts monthly meetings. The Mandarin Parents have additional meetings as well.

Our PTA is very active, sponsoring fundraising activities such as the Annual Husky Trot and many more activities throughout the year. Stonebrae has a full-time Family Engagement Specialist who organizes school events at school and collaborates with the administration to hold all our parent meetings. Our parents also play a vital role in cultural events such as participation in the Chinese New Year Parade in San Francisco and our Mandarin Showcase. YEP also has monthly parent involvement sessions such as Hispanic Heritage Month, Culture Day, and more. Parents are invited to attend the winter concert, spring concert, afterschool musical, and more.

Parents are active members of our School Site Council (SSC), English Language Advisory Committee (ELAC), African American Student Achievement Initiative (AASAI) Family Group, Asian Pacific Islander Community Initiative, Latinx/Spanish Heritage Committee, and our Site-Based Decision-Making Team (SBDM). We also have a parent ambassador who represents our school at district events. Our Parent Ambassadors work with the school community at large. We currently have over 100 active parent volunteers cleared by HUSD. This year our school has a Community School Specialist (CSS) who support both students and families for COST. The CSS coordinates ongoing culture celebrations during school hour with the students and after school with families.

## 2024-25 School Safety Plan

The latest review of the School Site Safety Plan (CSSP) was conducted and the plan was ratified by the SBDM on Nov. 8, 2024. This plan was shared with staff. Each room on campus has a staff backpack with supplies and a binder on what to do in case of all emergencies. The school is equipped with fifteen

## 2024-25 School Safety Plan

walkie talkie devices to be used for site communication specifically in our special day classes and with safety team leads. The school's disaster preparedness plan includes steps to ensure student and staff safety during disasters such as fire, disaster, shelter-in-place, and lockdowns; drills are conducted monthly throughout the school year.

Students are supervised throughout the day by teachers, administrators, and yard duty supervisors. The site has two Positive Behavior Support Intervention (PBIS) Teams; Tier 1 and Tier 2. The PBIS committees develop school wide systems to promote safe behavior. There is a policy in place for Title IX including sexual harassment and a bullying complaint procedure. We hold an annual Ally Week and an Inclusion Week to promote a safe school climate. Our school based decision making team has focused on read-ins highlighting African American, Asian American and Pacific Islanders, and Latinx/Spanish Heritage to spotlight cultural voices of our community. Also our school was given an A+ rating by niche for diversity and we strive to embody Anti-Racist and Anti Bias (AB/AR) Pedagogy including outreach to our parent community. The staff members have ongoing training on AB/AR.

There is a designated area for student drop off , bus loading, and pick up. A crossing guard is provided by the school district. Campus visitors need to check in the front office when they arrive to school. All fingerprinted volunteers have an ID card provided by the school district as well as a safety vest or sticker to wear on campus.

Safety is a high priority because it is necessary to ensure a successful and healthy educational environment. We also target social emotional learning and have partnered with an organization, Circle Up, to use restorative practices to build relationships within our classrooms and greater learning community. We have a general education behaviorist who works on zones of regulation with our students to bring awareness to emotions and help students use concrete tools and strategies to work on regulation.

Our school has an active School Safety Planning Committee (SSPC) that includes administrators, teachers, and school supervisors. The committee meets every three weeks. The committee works together in forming and revising the school safety plan as well as responding to day-to-day safety issues. We include student council in our plan by asking for student feedback at one of their meetings. At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. An SSPC member attends monthly district wide Safety Plan meeting.

## Fiscal Year 2023-24 Types of Services Funded

The Local Control Formula Funds are used to ensure all students graduate college and/or career ready. Our district ensures that all students have access to and success in a broad curriculum which include the Common Core State Standards. We do this by expanding College and Career support programs, expanding Career Pathways as well as implementing reading intervention systems. In addition, we have updated and expanded the district's technological infrastructure. Currently we offer 1:1 device technology to each student on campus.

At Stonebrae, we are funding several programs to increase teacher capacity through professional development on instructional initiatives. This includes Arch Chinese/Level Chinese for DLI teachers, and Lexia for all staff. Our 4th grade team is using Accelerated Reader. These services allow our staff to learn new pedagogical techniques to reach all learners and particular subsets of learners as well. We are also funding several programs to increase staff capacity to respond to the social-emotional needs of our students. This includes PBIS (Positive Behavior Supports and Interventions), Student Council, Circle Up and the AASAI Empowerment Group.

Stonebrae has an active PTA that funds many initiatives during the school year. Activities such as the Reflections Art, the Husky and Fundraisers are integral to our school community.

## Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offered three staff development days in 2024-2025. The curricular focus of the current school year is Mathematics. In addition to three full days, Hayward Unified School District is also coordinating minimum days to provide ongoing professional development to learn and administer Fastbridge. Teachers also have release time to assess student reading proficiency. Our DLI teachers have monthly professional development and meeting. We use the cycle of inquiry in grade level teams to focus on grade developed questions with an ABAR lens. Common Core Mathematics teaching and learning is supported by administration, instructional coaches and PLC teams.

At Stonebrae, we work to increase teacher capacity through professional development on instructional initiatives. This includes ELD training for all staff, Arch Chinese/Level Chinese for DLI teachers, and Lexia and iXCEL for all staff. The grade levels have Math professional development and collaboration time on site and the ILT also has professional learning sessions and opportunities at the district level.

This table displays the number of school days dedicated to staff development and continuous improvement.
