2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Expectations: Be Responsible, Be Respectful, Be Safe

Current Research & Practice: Cherryland is engaged in collaborative effort to create focus standards and school wide best instructional practices in order to create systemic sustainable academic growth and promote deeper learning. Cherryland is a relationship centered school and implementing Positive Behavior Intervention Systems (PBIS) in order to create a positive supportive school climate and culture and has a robust three tiered Response to Intervention (RTI) system. Cherryland has targeted strategic interventions in place for underachieving students in 3 target areas, ELL's, English Only students, and Resource students.

2024-25 School Description and Mission Statement

As a part of our commitment to service excellence, we work to support collaboration among all segments of the school community: Through SBDM, PBIS, SSC, ELAC, PTO and our Parent Engagement Center we engage all stake holders in the school community in decision making, all Certificated & Classified Employees, parents, students, and community members. In addition to the aforementioned teams, the Principal has Coffee with the Principal for collaboration and communication with parents and the community. We have a Padres Unidos "Cafe" meeting monthly for parents to regularly come together to discuss issues regarding the school community.

Cherryland School Mission: Cherryland provides a rigorous, multicultural education in a respectful, responsible, safe and inclusive environment. We endeavor to meet the academic, social, and emotional needs of all children. Students utilize Integrated Learning and the Six Elements of Social Justice to become critical thinkers, problem solvers, and passionate lifelong learners.

Cherryland School Vision: With the support of families and community, Cherryland staff is committed to:

- Creating clear and rigorous expectations for behavioral and academic growth.
- Nurturing a learning environment that promotes culturally responsive instruction that values and connects students' learning to their identities.
- Presenting clear learning objectives and differentiating instruction for all students to guarantee educational equity and excellence.
- Providing multi-modality opportunities for students to work collaboratively while applying the principles of Social Justice.
- Including creative lessons that promote student engagement and mastery of common core standards.
- Facilitating opportunities for students to develop empathy, problem solve, and work as allies to maintain a safe and inclusive school.
- Fostering community partnerships to meet the physical, emotional, and socio-economic needs of students and families.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

General: The district places a strong emphasis on ensuring that all schools are safe, clean, environmentally friendly,

School Facility Conditions and Planned Improvements

mechanically functional and inviting for students, staff members, and the community. To assist in this effort, the district utilizes the Facility Inspection Tool (FIT) developed by the State of California OPSC and local operations department developed inspection survey methods to keep facilities in compliance with all federal and state health and safety regulations. The district regularly inspects and reviews the condition of the school facilities and surrounding grounds. The district places the highest priority on those safeguards that impact the fire, life and safety protection of the students, staff, and school buildings. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings: The new Cherryland Campus was constructed in 2019. This school has forty-two (42) regular classrooms, a multipurpose room, a locker room, a library, and an administration building. In addition to the main building, there are three (3) portable classrooms that have been added to accommodate class size reduction and instructional programs.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order system process is used to ensure efficient service and highest priority is given to emergency repairs. At the time of publication, 100% of the school's restrooms on campus were in good working order.

Cleaning Process and Schedule: The district has developed cleaning standards and schedules for all schools in the district. A summary of these standards and schedules is available at the school or the Maintenance & Operations office. The principal, with the guidance of the Facilities, Maintenance, Operations and Transportation (FMOT) Department works daily with the custodial team to ensure that the cleaning standards are met, and that classrooms, restrooms, and campus grounds are kept clean, safe, and well-maintained.

Modernization Projects: Since 2019, local bond funds (Measure H) are being used to complete various Modernization and Infrastructure projects throughout HUSD. No projects have been scheduled to be completed for Cherryland campus due to recent construction of the new campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The involvement of parents and community members are an essential component of nurturing students. Every effort to invite and consider parent and community input is made to ensure the success of our students. Parents are involved in planning and implementing a number of parent engagement nights ranging from family involvement nights, to our winter and spring concerts, Back-To-School Night, Open House, our annual spring health fair and the 6th grade graduation breakfast, and graduation itself. We have a monthly Coffee with the Principal. Cherryland features a robust Parent Education Program featuring parenting and healthy eating workshops, as well as partnerships with Cherryland PTO and Padres Unidos de Cherryland. We also have a parent member on our Site Based Decision Making (SBDM) teams as well as the regular SSC and ELAC parent groups. A team of parents, teachers, and administrators developed the following school/parent involvement policy:

Parental involvement means the participation of parents in regular, two-way meaningful communication involving student academic learning and other school activities ensuring that parents play an integral role in assisting their child's learning, receive grade level standards, monitor and discuss schoolwork at home, and receive information on how to work with their child at home. It also means that parents are encouraged to be actively involved in their child's education at school including, but not limited to participating in Student Study Team meetings (SST), IEP meetings and in meetings for behavioral and/or educational needs. It also means that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child (for example, parent conferences, SSC, ELAC, and Title 1 parent meetings).

2024-25 School Safety Plan

At the time of the latest review of the School Site Safety Plan, all revisions were communicated to Cherryland staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, earthquake, Shelter-in-Place, Lockout, and Lockdown drills are conducted on a regular basis throughout the school year so that all staff and

2024-25 School Safety Plan

students are familiar with what steps to take in an event of an emergency.

Safety is a high priority because it is necessary to ensure a successful and healthy educational environment. Students are supervised throughout the day by teachers, administrators, and other staff members including noon supervisors. There are designated areas for student drop-off and pick up.

The school is using an online application called Share911 to communicate with staff during emergencies. This online safety app is also used to coordinate safety/disaster drills.

Our school has an active School Safety Committee that includes administrators, teachers, maintenance, school supervisors, and other staff members. The committee works together in forming and revising the school safety plan as well as responding to day-to-day safety issues. The Comprehensive School Safety Plan (CSSP) was reviewed by the Safety team as well as SSC during the 2024-2025 school year. This plan met all of the district guidelines and protocols in regards to keeping all students, families, and staff safe while on campus.

Fiscal Year 2023-24 Types of Services Funded

Our Supplemental and Concentration funds go primarily to additional staffing costs, direct supports for students, and professional development for staff. We currently have two ELL Specialists who works directly with ELL students in small groups. We also funded a Bilingual Para Educators to support EL students to reach grade level proficiency. In addition, we have used funding to support our need to conduct IEPs, SSTs, and 504 Plan Meetings. We have also used funding to purchase on site technology with Chromebook carts and blended learning platforms. We have the students engaged in online programs such as IXL, Epic, Brainpop, Flocabulary, Lexia, and RAZ Kids. Finally, we have used funding for VAPA supplies and materials to support our Integrated Arts Program.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offered three staff development days during the 2024-2025 School Year. The Professional development focus of the current school year are Anti Bias and Anti Racist (AB/ AR), Literacy Screener through Fastbridge and the Science of Reading training. Our School Site Staff also participated in Trauma Informed Training to support the needs of the students in our classrooms. Some of our Bilingual teachers participated in Dr. Medina Coaching Sessions and trainings.

This table displays the number of school days dedicated to staff development and continuous improvement.
