## SCHOOL DELAYS & CLOSURES

The district uses the best information available to make decisions on school closures, early dismissal, late start, and bus routes. School delays, closures, or other schedule changes will be posted before 6 am. If no notice is posted, schools will operate on a regular schedule.

There are three likely ways weather conditions can impact the school day:

### School Closure

An early-morning decision is made to cancel school for the day. A make-up day will be held later in the school year.

### Early Dismissal

Announcements for early dismissals may happen at any time during school day. Modified bus routes might be used. It is each family's responsibility to ensure their child's safety to and from the pickup and drop off locations. Families are asked to instruct their children about what to do should there be an early school closure and parents aren't home during the day.

### Two-Hour Late Start

Announcements will be made in the early morning to delay the start of school for two hours due to unsafe travel conditions. School will start two hours later than the regular time, all bus routes will run two hours behind, and morning snow bus routes will be announced as needed. Morning preschool classes will be cancelled. Afternoon snow bus routes will be announced by noon for that day.
