2023-24 SCHOOL ACTIVITY PUBLISHED IN JANUARY 2025

## PRINCIPAL'S MESSAGE

Welcome to Mountain View Elementary School, where all staff work together to ensure that ALL students learn at high levels in a safe and accepting environment that supports academic achievement, social emotional well-being and character development.

Mountain View Elementary's Interactive Technology is a blended learning environment incorporating educational technology into instruction to support mastery of academic standards, facilitate student collaboration and increase access to curriculum. Student communication skills and exploration are nurtured through experiential and project-based learning activities. Expansion of critical thinking skills and creativity are encouraged in student-centered learning spaces, including Makerspace and classrooms with flexible seating. Cross-grade partnerships, including STEM and reading buddies, promote citizenship and a sense of belonging. Our positive school climate program, PAWS (Pride, Attitude, Wise choices, Safety), highlights PAWS character traits through daily announcements, Wolf Den activities and monthly Top Paw awards, helping students understand that they are important members of our school community and that their actions matter.

Mountain View Elementary School is home to two district special education programs serving Deaf/Hard of Hearing students, and students with emotional challenges. We also have two learning centers for general education students who need specialized academic instruction during their school day. These programs are supported by a school psychologist, district behaviorist, occupational therapist, speech therapist, sign language interpreters, adaptive PE specialist, intensive behavior intervention specialist, and outside contracted services as needed.

## LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP)

As part of the Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP).

The SARC provides the following information relevant to the State priority: Basic (Priority 1)

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- School facilities are maintained in good repair

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population

and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical sequences or programs of student.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8)

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who receive scores.

## STUDENT ACHIEVEMENT

### CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

## PHYSICAL FITNESS

In the spring of each year, Mountain View Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test (PFT) for students in California school is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

## SCHOOL FACILITIES & SAFETY

### FACILITIES PROFILE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Mountain View Elementary School's original facilities were built in 1968; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure

that the repairs necessary to keep the school in good condition are completed in a timely manner. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office, at the District Office, or on the Internet at [www.simivalleyusd.org](http://www.simivalleyusd.org).

A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

2024-25 Planned Campus Improvements:

- Installation of new interactive whiteboards and projectors in all classrooms
- Installation of a new projector in the MPR

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Mountain View Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- General grounds maintenance
- Lunch area setup/cleanup
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

### SUPERVISION & SAFETY

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, campus supervisors, paraeducators, and office staff are strategically assigned to designated entrance areas and the playground. During recess and lunch, campus supervisors and paraeducators monitor playground activity. At the end of the day when students are dismissed, campus supervisors and paraeducators monitor student behavior to ensure a safe and orderly departure.

Mountain View Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office with a valid state issued identification to be scanned through the visitor management system and wear an identification sticker while on school grounds. They must then check out at the school office upon exit from the school site. Security cameras are installed throughout the campus.

### SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Mountain View Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification

Panorama Education is a data-based company that provides a format for analysis of school climate, campus culture, bullying, parent engagement, teacher support, workplace environment, learning, careers, and student safety. Mountain View Elementary School utilizes Panorama Education's data to improve student outcomes in social-emotional learning, school climate, family engagement, MTSS, and more.

The Simi Valley Unified School District maintains a firm policy prohibiting all forms of bullying. Everyone is to be treated with respect and dignity. Bullying by anyone, including students, teachers, administrators, or other adults will not be tolerated by any circumstances. Administrators will respond to all reports of alleged bullying in a timely manner.

of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's school safety plan is reviewed, updated, and discussed with school staff each year by March 1st.

### SCHOOL INSPECTIONS

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Mountain View Elementary School took place on September 25, 2024. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During fiscal year 2024-25, all restrooms were fully functional and available for student use at the time of the inspection.

foundation for helping students made good choices.

Mountain View utilizes a campus-wide positive behavior intervention approach. The premise of PBIS is that continual teaching, modeling, recognizing and rewarding of positive student behavior will reduce disciplinary problems and promote a positive school climate and safer campus. Proactive, progressive discipline measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Daily morning meetings

A “chronic absentee” has been defined in EC Section 60901(c)(1) as “a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.”

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Mountain View Elementary School supports ongoing professional growth throughout the year during Professional Learning Communities (PLC) time. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

Simi Valley Unified School District offers supplemental training and support for new and ongoing program implementation. Training activities take place throughout the school year and generally focus on curriculum, teaching strategies and methodologies.

Mountain View Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.
