By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About This School

Principal Lauren Tilston, Principal

📍 Principal, Stipe (Samuel) Elementary

I am so honored to be the Principal of STEAM@Stipe Elementary School!

I have a deep appreciation for the emphasis on culture and identity that is found at STEAM@Stipe. I value the equity lens with which the STEAM@Stipe team approaches their work, and I am committed to supporting and nurturing that strength. My hope is that we are laying a foundation for the students of STEAM@Stipe that will allow them to see themselves as scientists, engineers, innovators, and entrepreneurs while remaining rooted in their cultural identity and sense of community. If we can show them all of the possibilities for their future while allowing them to develop an understanding of themselves, we will be setting them on a path to accomplish anything they desire.

I have been an educator for the past twenty-two years and have experience teaching elementary grades in biliteracy and sheltered English classrooms, providing additional student support for language and literacy development, coaching teachers on instructional strategies, and developing interdisciplinary curriculum, districtwide assessments and professional learning. I have been in Oak Grove School District since 2018, and have previously worked in the STEAM@Stipe community as an English Learner Teaching Partner (ELTP). I am so delighted to have the opportunity to be here full time in a new role!

Whether you are a long-time member of the community, just joined us or are considering STEAM@Stipe, we welcome you! The input of all of our community members is extremely valuable. Please come by, call or email anytime! I'm looking forward to meeting you in person!

Warm regards,

Principal Lauren Tilston

School Description and Mission Statement (School Year 2024–25)

STEAM @ Stipe is a K-6 school that provides the earliest access to Science, Technology, Engineering, Arts, and Mathematics (STEAM) within project-based learning and SEAL educational designs. We inspire and engage all students with a transformational approach where students learn by doing. Through our partnerships with Silicon Valley companies, our purpose is to develop our diverse population into engineers, innovators, and future entrepreneurs.

Rooted in Cultural Identity - We value the diverse cultural backgrounds of our students, teachers, families, and community.

Earliest Access - Starting in Kindergarten, students engage in opportunities that explore real-world problems, developing an early foundation for STEAM skills.

Varied Learning Spaces - Students have access to a Makerspace, outdoor learning areas, and flexible, modular seating in classrooms.

Integrated Approach - Culturally responsive instruction in which students are guided to make connections across the content areas of science, technology, engineering, art, and math while developing strong academic language and literacy skills.

Development of Growth Mindsets - Through design challenges and project-based learning, students will cultivate a problem-solving mindset, seek out challenges and see them as opportunities to grow.

Strong Partnerships - In addition to community involvement, we leverage Silicon Valley high-tech firms and access to their resources to facilitate authentic experiences.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2020–21)

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2024–25)

All adopted materials use the Common Core standards and apply to all public schools in the state—the textbooks we use, and the tests we give are based on these content standards. You can find the content standards for each subject at each grade level on the California Department of Education (CDE) website. Textbook selection involves a committee of teachers reviewing potential resources to determine alignment with the state-approved instructional framework for each content area. Resources that best meet alignment criteria are selected to be piloted in classrooms. Data is collected and evaluated, and the committee recommends approval to the Board of Education.

School Facility Conditions and Planned Improvements

Stipe Elementary resides on a hillside with multilevel buildings that support TK-6.

Stipe Elementary has seen a steady of improvements from 2023 completion of new HVAC system and roof to Summer 2024 installation of exterior fencing and gates. The campus was found to be in very good condition throughout. There a few work orders needed to address lighting and restroom dispensers.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2022– 23	School 2023– 24	District 2022– 23	District 2023– 24	State 2022– 23	State 2023– 24
English Language Arts / Literacy (grades 3-8 and 11)	28%	27%	48%	46%	46%	47%
Mathematics (grades 3-8 and 11)	32%	28%	41%	41%	34%	35%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group for students taking and completing state-administered assessment Grades Three through Eight and Grade Eleven (School Year 2023–24)

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

California Physical Fitness Test Results (School Year 2023–24)

Percentage of Students Participating in each of the five Fitness Components

For the SARC reporting year (2021–22), the percentage of students participating in each of the five Fitness Components is reported below.

The formula for the participation rate (percent) of students meeting each of the five FITNESSGRAM Components, by grade is:

$$\frac{\text{(The number of students who participated in the FITNESSGRAM Component)}}{\text{(The total number of students enrolled at time of testing)}} = \text{participation rate}$$

Grade	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
5	100%	100%	98%	96%	96%

Note: The administration of the PFT requires only participation results for these five fitness areas.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2024–25)

STEAM@Stipe sends a bulletin out to families weekly through Parent Square. Teachers communicate directly with families about student progress, as well as offer classroom announcements through SeeSaw. In addition, there are numerous community events and opportunities for families to take part in the STEAM@Stipe Community. Community Gatherings are held each Tuesday in our upper quad for all students and families. The larger community events include Harvest Festival, Family Coding Night, Las Posadas, Lunar New Year, Family Movie Nights, Cinco de Mayo, Family STEAM Night Talent Show, Family Math Festival, STEAM Showcase, and the Walkathon. The Parent and Faculty Association (PFA) hosts monthly meetings to keep parents updated on current school issues and events. In addition, School Site Council meets a minimum of 4 times yearly to review and analyze student data, gather community input, develop a Single Plan for Student Achievement (SPSA) and School Safety Plan, and monitor the implementation of the plan and budget. Family volunteers regularly help support our classrooms and field trips, as well as support school fundraisers.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school graduation rates;
- High school dropout rates; and
- Chronic Absenteeism

Chronic Absenteeism by Student Group (School Year 2023–24)

School Safety Plan (School Year 2024–25)

The School Site Council met on January 23, 2024 where the School Safety Plan was reviewed and adjusted. The committee identified goals around school safety and mental health services would continue to be goals in the new plan. Our school safe goal is centered around the new cameras and fencing that were installed as well as the updating and replenishing of materials in the ARCC. Mental Health services continue to be a priority.
