2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Emperor Elementary School is one of seven schools in the Temple City Unified School District and serves students in TK through grade 6. As one of the highest performing schools in California, Emperor is a 2010 California Distinguished School, a 2006 and 2008 Honorable Mention California Distinguished School, a California Business for Excellence Education Honor Roll School, a 2005-06 Title I Academic Achievement Award recipient and Character Education Partnership National School of Character Award recipient.

Emperor Elementary School currently serves 650 students in TK through grade 6 for the 2023-2024 school year. Emperor exists to ensure that all students are guided toward becoming lifelong learners. Our belief in the importance of offering an

exemplary program, coupled with strong parent involvement, ensures student success. In addition, our focus on guiding each child's academic and physical development is further strengthened by our emphasis on an appreciation for quality work, citizenship and a love for learning. Our mission at Emperor School is to continually strive to create a challenging learning environment on a daily basis. Our focus on a common mission, vision, values and goals supported by collaborative teaming for teaching and learning, fosters an environment rich in opportunities for students. We are undeterred in our quest to provide an academic setting that encourages high expectations and future success through developmentally appropriate instruction while accommodating individual differences and learning styles.

Utilizing our focus on character education, our school promotes a safe, orderly, caring and supportive environment. Each student's self-esteem and personal growth is fostered by positive relationships with students and staff. We strive to have our parents, teachers, and community members actively involved on our students' learning in order to develop the capabilities required for future success--flexibility, collaboration and critical thinking.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks and Instructional Materials

A representative group of teachers and administrators reviews instructional materials. The committee meets for a detailed comprehensive analysis of materials from publishers. The materials must meet a pre-established criteria based on an instructional materials evaluation tool. They are as follows:

1. Compliance with Board Policy and Administrative Regulations
2. California standards alignment
3. Focus on coherence within a grade and across grade levels
4. Rigor and balance
5. Access for all students
6. Assessments for progress monitoring and in support of the California assessments
7. Support for English language learners
8. Support for special populations

In addition to the items delineated above, the committee considers digital resources for staff, students and parents to support learning in varied environments. The committee reaches a consensus, and the Board of Education makes the final decision on the chosen textbooks upon reviewing the committee's recommendation.

Textbooks were chosen using state-approved lists, and the content fit within the curriculum frameworks adopted by the State Board of Education.

Canvas was adopted by the District as a Learning Management System to help with synchronous and asynchronous instruction.

School Facility Conditions and Planned Improvements

Emperor Elementary School was established in 1950. There are 28 classrooms on the Emperor campus, four of which are considered portable classrooms. In addition to classrooms, Emperor includes a media center/library, a Wellness space, cafeteria and a large athletic field. The Emperor campus is in exemplary condition as reported on the 2022 FIT Report. There are sufficient classrooms, playground and staff spaces to support teaching and learning.

The Emperor campus is maintained, and school safety ensured by a district maintenance crew of 10 and a site janitorial staff of three. Issues and repairs not resolved by the site janitorial crew are completed by the district maintenance crew on a prioritized work-order system.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents and volunteers are referred to as “partners in learning.” Parents and other volunteers are offered a variety of opportunities to become involved at Emperor Elementary School. Community involvement in the school’s volunteer program is encouraged and coordinated by the school’s part-time community liaison. In addition, parent/family conferences with student involvement, orientation programs, special evening events and Open House, also support the school program. There is an active Parent Teacher Association assisting the school with fundraising activities, school-to-home communications, and various other programs for parents and students. The PTA Board also serves as liaison with the school community through newsletters and needs assessment surveys that encourages parent input about our school programs. The School Site Council, consisting of staff members, community members and parents, is involved in the planning, development, implementation, evaluation and modification of the Single Plan for Student Achievement. Parental involvement is expected and appreciated. For more information on how to become involved at the school, please contact Amanda Hroblak, President of the Parent Teacher Association.

2024-25 School Safety Plan

In accordance with Senate Bill 187 and Education Code 35294.6, all schools have adopted a Safe School Action Plan. These plans will remain in effect through the school year, are reviewed annually and are available for public view in the school office. Key elements and goals of the Safe School Action Plans are:

2024-25 School Safety Plan

All students and staff members are provided a safe teaching and learning environment.

All students are safe and secure while at school, when traveling to and from school, when traveling to and from school-related activities, and while participating in distance learning.

District programs and approved community resources are made available to students and parents.

Schools provide an educational environment where students, parents, staff and community members shall effectively communicate in a manner that is respectful to all cultural, racial and religious backgrounds.

The school safety plan was last reviewed, updated and discussed with the school faculty in December 2024.

Professional Development

Faculty and staff participate in professional development programs fostering a collective knowledge base and common understanding regarding instructional practice and skill development. The staff attends regularly scheduled in-service workshops and conferences. Some staff members extend their learning through college courses including webinars across all academic areas to learn new techniques to upgrade instructional skills. Modified Wednesdays and staff development days are utilized to provide necessary staff training in order to maximize services to students. In addition, training and curriculum improvement allows student engagement in optimum educational programs. Instructional paraprofessionals and volunteer personnel also attend workshops dealing with the diagnosis, prescription, evaluation and support of student needs. The District provided professional development days for certificated staff with a focus on reading strategies.

This table displays the number of school days dedicated to staff development and continuous improvement.
