

# AP<sup>®</sup> ENG Literature

## At Grand Prairie High School

Learn how to understand and evaluate works of fiction, poetry, and drama from various periods and cultures.

You'll read literary works and write essays to explain and support your analysis of them. You will also learn to read a text closely and draw conclusions from details. And, develop an interpretation of a text.

There are no prerequisites, but students are typically in their fourth year of high-school-level study.
