

DUAL ENROLLMENT INFORMATION 2024-2025

Dual Enrollment packets are due to Mrs. Laura Hunt by the end of the day **April 3, 2024**. ACT scores should be sent electronically to La Tech and/or ULM by **April 15, 2024**. Please feel free to contact Mrs. Laura Hunt at lhunt@opsb.net with any questions.

Dual Enrollment courses allow qualified high school students the opportunity to simultaneously earn college credit and meet the requirements for high school graduation. Courses are offered at reduced tuition which can help stretch financial aid, scholarships, and family budgets after high school. The variety of courses available allows students to explore electives as well as complete introductory and/or Core Curriculum courses while smoothing the transition between high school and college. West Monroe High School offers face-to-face (F2F) academic dual enrollment courses through both La Tech and ULM and online academic dual enrollment courses through ULM.

Passing the DE course guarantees high school and college credit. The grade earned in the DE course will be transferred to both the high school and the college transcript. If the student earns a failing grade, this grade will be placed on **both** the high school and college transcript.

***A student who fails a DE course or withdraws from a DE course, will have to pay the money (\$300 per course) back to OPSB, if OPSB paid for the course.**

Although this is a wonderful opportunity for our students, both parents and students need to understand that dual enrollment courses are collegiate level courses. They are more rigorous and require more from students than a regular high school course. This needs to be considered when deciding to schedule a Dual Enrollment course.

Requirements:

A student is eligible to enroll in Academic Dual Enrollment Courses if they meet one of the two criteria below.

1. Automatic approval if GPA and ACT/Pre-ACT requirements met – NO contract or waiver

- 2.5 cumulative high school GPA **AND**
- Pre-ACT or ACT Composite score 19 or above
- ACT or Pre-ACT: 18 English sub score for Humanities and Social Studies DE courses * **
- ACT or Pre-ACT: 19 Math sub score for Science and Mathematics DE courses.

*For all DE Social Studies courses, students must also have a 3.0 or above cumulative GPA and instructor approval

**For DE English IV students must have B avg in ELA I, II, and III with at least one being honors/Pre-AP/AP level and instructor approval

2. Provisional approval if ACT/Pre-ACT requirement not met – **contract and waiver letter required**

- 2.5 cumulative high school GPA **AND**
- After counselor approval, a contract and waiver must be completed and signed by administration, counselor, parent/guardian, and student prior to enrollment.

Dual Enrollment Costs:

- **\$20** enrollment fee - No Cash
 - Physics, Western Civilization, and U.S. History through LA Tech - the online registration for these three classes will be in the Fall (August).
 - If students are taking a class through ULM and do not skip an enrollment period or lay off a year, the \$20 does not have to be paid again.
- **\$300** per 3 hours credit. 3-hour credit courses taken in the fall semester will need to be paid by August or September. Students taking a 6-hour course will pay second semester by January or February. There could be a book fee, especially in online DE classes. These books could range from \$20 to \$125.

*OPSB funding for the Fall Semester is projected to be **2 courses for Seniors; 1 course for Juniors; and 0 courses for Sophomores**. This can change (less) once school begins as funding for DE courses depends on state budget allowance and cuts.*

Although ULM and La Tech have increased the cost of DE classes to **\$300 per 3-hour course** it is still a bargain compared to on campus tuition. One 3-hour course on campus at ULM (tuition and fees) is \$1238; one 3-hour course at La Tech (tuition and fees) is \$1043; and one 3-hour course on campus at LSU (tuition and fees) is \$1275.

Though West Monroe High works with ULM and LA Tech in offering dual enrollment courses, these courses are accepted at all public universities state-wide and some private and out of state universities. If you plan to attend a private or out of state university, we encourage you to contact that university to check for course acceptance. Parents and students may visit the [Louisiana Course Articulation Matrix](#) website to find helpful information in planning which course you need to take for DE.

ACT SCORES MUST BE SENT ELECTRONICALLY DIRECTLY FROM ACT TO WMHS and LA TECH AND/OR ULM

WMHS ACT CODE: 192995

ACT CODE FOR ULM: 1598

ACT CODE FOR LA TECH: 1588

ACT West Monroe High School schoolwide test date for 11th grade is March 12, 2024

ACT National Test Date is April 13, 2024, with regular registration by March 8, 2024
