The idea they had in mind required woodworking and a skill set outside of their area of expertise. In stepped Mr. Phongxaysanith, a tech ed teacher at the high school.

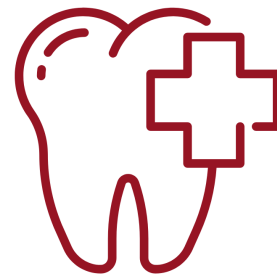

Ari got to model the new additions to her classroom and Mr. Phongxaysanith was kind enough to show us the machinery he used to complete the project.

Side note: That piece of machinery was funded by a grant from [Conestoga Valley Education Foundation](#), proving that one grant can truly impact all grade levels in our district!

CV Cares

CV CARES is a decades-old program designed to recognize CV employees who have gone above and beyond to make our students, parents and guardians, and community members feel welcome and supported. The recognition could be for a single extraordinary event or an ongoing pattern of positive interaction and support.

If you have had the opportunity to be on the receiving end of this type of engagement, take a moment to fill out the [online form](#) to recognize that special educator. Remember, an educator is anyone who has the opportunity to positively impact the life of a child. As such, an educator can be a bus driver, secretary, custodian, teacher, cafeteria worker, school counselor, administrator, or any other support or professional staff associated with CV.
