## PAT Events

Get ready for a roaring good time! Our February groups will be all about dinosaurs, featuring fun activities that encourage dramatic play, as well as fine and gross motor skill development.

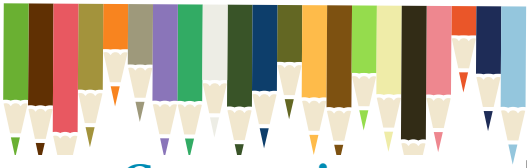

Join us on **Friday, February 7**, for our **Books and Blocks** event at Monticello Library. For the rest of the month, we'll be at **CTEC**, where kids can dig into hands-on dinosaur-themed fun. We can't wait to see you there!

## Community Highlights

### USD 232 Preschool

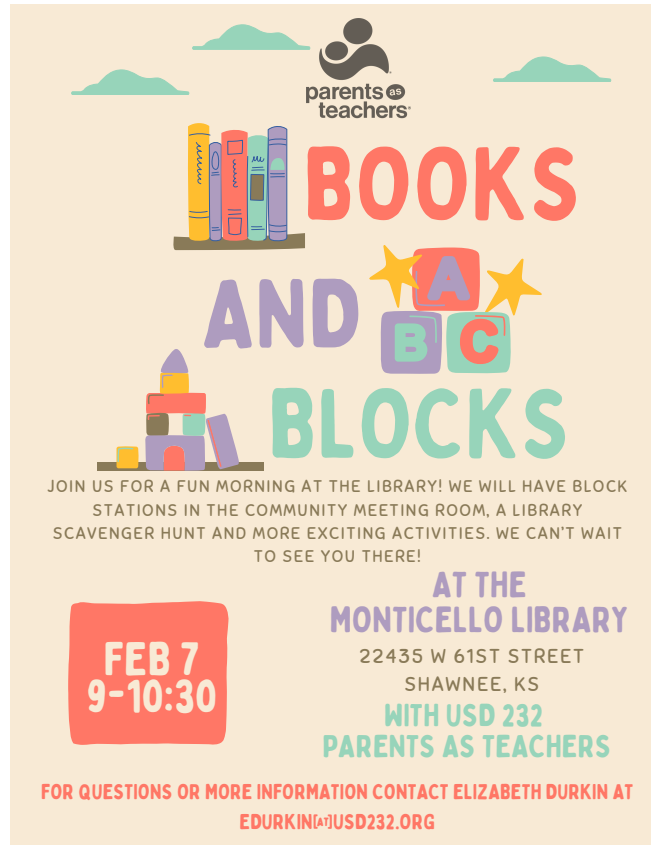

Our district preschool program offers a nurturing and engaging environment for 3- and 4-year-old children. The program runs half-day sessions, four days a week, providing a strong foundation for future learning.

Families interested in enrolling for the 2025-26 school year are encouraged to attend our **Preschool Information Night on February 4th** to learn more about the program, curriculum, and enrollment process. **Enrollment will be open from February 5-21.**

For additional details, visit <https://ctec.usd232.org/early-childhood/preschool-information>.

## PAT Engage

We're excited to introduce **PAT Engage**, a new app designed to keep you connected with our program and your parent educator! This app will allow us to communicate with you directly, send reminders about upcoming events, share important updates or closings, and provide helpful resources like handouts. Parent educators can also use the app to host virtual visits, making it even easier to stay engaged.

Parent educators will be reaching out individually to help families register for the app. If you have any questions or concerns, feel free to reach out—we're happy to help!
