2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Walnut Canyon School is a Magnet School with a focus on the arts and technology. We serve preschool and transitional kindergarten through fifth-grade students throughout the Moorpark Unified School District attendance area and beyond. Walnut Canyon celebrates learning by integrating visual and performing arts and technology throughout the core curriculum. Through arts and technology, teachers create a firm academic foundation and develop responsible, successful students who are committed to excellence in academics, the arts, and life-long learning. The arts are a special and treasured part of Walnut Canyon and the foundation of our culture and philosophy. By infusing visual arts, drama, music, and performance into the core curriculum, our teachers cultivate a learning environment that supports student achievement by stimulating the imagination and

developing vital skills such as critical thinking, creativity, problem-solving, understanding, and innovation.

By providing enriching learning experiences, students are motivated and engaged in the learning process. We employ a drama and a music teacher to help facilitate our performing arts program. We employ a ceramics teacher and visual arts are integrated into classroom instruction. State of the art technology and media arts curriculum enriches and challenges the learning environment in all subject areas.

In addition to the regular school day, Walnut Canyon offers an outstanding extended day Cultural Arts Program (CAP) to families as an alternative to traditional after school care. CAP continues the arts and technology experiences by offering small class sizes for elective classes. Our after school program offers engaging opportunities to learn new skills, improve academic achievement, and have fun!

Walnut Canyon has a strong Multi-Tiered System of Support (MTSS) where students receive targeted instruction based on their instructional needs and our English learners receive daily designated English language development in addition to targeted instruction.

Our school community and stakeholders work as a team to ensure a safe and productive environment for our students to learn. Through combined efforts of staff and parents, we created and adhere to a Family-School-Compact. This compact outlines the responsibilities of staff, students, and parents to create a family-school partnership.

The PTA, parent volunteers, and other volunteers from organizations such as; the Kiwanis Club, Moorpark Women's Fortnightly Club, and the Moorpark Library are an essential part of our school community, as they help support student success.

Mission Statement

Walnut Canyon School's community of learners consists of staff, family, and students sharing the responsibility for learning. We expect high academic achievement from all students.

- We utilize the visual/performing arts/technology to enhance instruction and communication
- We value the participation of the greater community as an educational partner.
- We offer enriching opportunities to support the development and growth of every child.
- We promote enthusiastic learning.
- We cultivate an atmosphere of mutual respect.
- We nurture and embrace the creativity and innovation of every member of the learning community.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Walnut Canyon School opened in September of 1998. Our beautiful main facility consists of a central hub, which houses administrative offices, a multipurpose classroom, cafeteria, a large library, and four classroom wings that extend from the central multipurpose room. There is a covered eating area equipped with student lunch tables outside the library. In addition, there are 18 portable classrooms on campus. These portables house 3 classrooms, an art room, a tech lab, a dance studio, a ceramics room, a sewing room, targeted instruction, ELD instruction, and a preschool classroom. There is one additional portable that serves as the CAP (Cultural Arts Program) office.

Walnut Canyon is situated on a hill on the site of the former Moorpark Memorial High School. The old high school auditorium was renovated and modernized with funds acquired through a General Obligation Bond passed in March 2002. The gorgeous Art Deco facility has a capacity of 420 spectators to enjoy student performances. It is used daily by teachers and by CAP students and may be reserved by District schools and community groups. During the summer of 2005, a shade structure was built on the playground. This structure was funded from bond proceeds to benefit students on the main playground. Former

School Facility Conditions and Planned Improvements

Bond R money was used to provide Promethean interactive whiteboards and Active Expressions in order to bring the 21st century into every classroom.

The facilities and grounds are well maintained by the District's Grounds and Maintenance Departments. Safety checks of the grounds, fencing, play equipment, and facilities are completed on a regular basis. Repairs are made in a timely and appropriate manner. Restrooms are cleaned daily and repaired promptly when needed. A large grass area provides space for students to play as well as enjoy a small reflection garden. Walnut Canyon is a visual, performing arts, and technology magnet school. In addition to the auditorium, there is a dance room and two music rooms. All classrooms have wireless internet access and one-to-one student devices. All classrooms are equipped with interactive white boards with all grade levels utilizing upgraded boards.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parental support is an integral part of Walnut Canyon School. Our School community works as a team to ensure a safe, productive environment for our students to learn. The PTA and other volunteers are an essential part of our school community, as they help ensure student success. Walnut Canyon School received California Distinguished School Recognition in 2002, 2018, and again in 2020, because of our outstanding instructional program and strong school-community partnerships.

The Walnut Canyon community has created a Family-School Compact through the combined efforts of the staff and parents. This compact outlines the responsibilities of staff, students, and parents to ensure that all students are learning and achieving grade-level standards and benchmarks. The Moorpark Kiwanis Club recognizes the positive character traits of students through the Terrific Kids Program. Several local universities are academic partners through student teaching programs. These partnerships give our students additional support and assistance as they work towards meeting or exceeding grade-level standards. Walnut Canyon is a California Lutheran University (CLU) Professional Development School (PDS). We currently have four full time teacher candidates assigned to our school through this program. Our School Site Council is an excellent avenue for parents to participate in all areas of school business and instruction. Our ELAC committee is also an excellent avenue for parents of English Learners to participate and help with important decision making for our school plan.

2024-25 School Safety Plan

The 2023/2024 Comprehensive School Safety Plan was reviewed by the Walnut Canyon staff on October 24, 2023 and the School Site Council on November 2, 2023. Previous goals were reviewed and new goals were developed for the 2023/2024 school year based on the data received from a school wide needs assessment sent home through Parent Square. Once

2024-25 School Safety Plan

approved, the updated Comprehensive Safety Plan will be available for parents to view on the school and district websites. Goals were developed in three areas. People and Programs: Goal 1: Provide Each Student with Resiliency Skills (Expectations, Caring, and Participation), Goal 2: Assure a Safe Physical Environment. Places: Goal 3: Assure each student a safe physical environment. The principal, school counselors, classroom teachers, and office staff will be responsible for implementation of goals. The School Site Council and English Language Advisory Committee will review progress toward goals regularly throughout the school year.
