

Dear Firebird Families and Staff,

We are reaching out to provide an update on information we have received from PowerSchool, our Student Information System (SIS) provider, regarding its recent cybersecurity incident.

PowerSchool has partnered with Experian, a trusted credit monitoring agency, to offer complimentary identity protection and credit monitoring services to **all students and educators involved in the data breach — regardless of whether their Social Security Number was compromised.**

You can also find more details and instructions on activating these services at PowerSchool's website: www.powerschool.com/security/sis-incident/notice-of-united-states-data-breach/

Additionally, PowerSchool has worked with Experian to establish a dedicated, toll-free call center to answer any questions. You can **access this dedicated call center at 833-918-9464.**

We appreciate PowerSchool's response in dealing with its cybersecurity incident and protecting the confidential, personal information of individuals from its impacted districts. While we will continue to update staff, as needed, throughout the resolution of this incident, you are encouraged to contact the PowerSchool/Experian dedicated **toll free number at 833-918-9464**, and its website: www.powerschool.com/security/sis-incident/notice-of-united-states-data-breach/ with further questions regarding the breach, and/or the credit monitoring services being offered by Experian.

Mindy McCarty-Stewart, Superintendent

Chris Merritt, Chief Technology Officer
