2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

School Description

McKinley Elementary is a school founded on community. Families, students, and staff work in partnership to help students meet their learning and character goals. Our community shares responsibility for the wellbeing and safety of all students. Families are recognized for the myriad contributions they make to their students' lives. Students are upheld as leaders of their own learning. They are known and appreciated as individuals. Staff know all students on campus, and commit to seeing students' potential and resilience. Staff members work collaboratively to ensure student learning. Classroom instruction focuses on rigorous and relevant learning opportunities that addresses students' language, academic, and social-emotional

needs. Teachers in Kindergarten through third grade utilize the Sobrato Early Academic Language (SEAL) framework, which addresses language and content learning throughout the school day in ways that are engaging and meaningful for students. Teachers in all grades support language and literacy learning across content areas. McKinley Elementary is participating in the CA Community Schools grant to deepen our implementation of community school-based systems of support.

McKinley Elementary School Mission & Vision

Mission: McKinley Elementary ensures all our students have the opportunities to develop the skills, character, and resilience to become lifelong learners and leaders in their communities.

Vision: McKinley is a community of students, families, teachers, and other stakeholders that work collaboratively to help all students succeed. We value students and as individuals and we actively support them to utilize the resources that will enhance their unique strengths and address their unique needs. We build connections within and beyond our school community in order to disrupt historic patterns of injustice and build a better world.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook and instructional Materials: The local governing board of the Franklin-McKinley School District has certified that each pupil in the District, in transitional kindergarten through eighth grade, has been provided with standards-aligned textbooks and/or instructional materials in each of the following areas: reading/language arts, mathematics, science and history/social studies. Health is included in the science curriculum. All District textbook adoptions are within the scope of the most recent State Board of Education adoptions and comply with California Education Code provisions.

In accordance with the California Education Code and the Williams Settlement mandates, procedures, monitoring processes and reporting practices by principals and District departments have ensured that all students have access to the current, standards-based textbooks and instructional materials.

In order to comply with the mandates to provide students with the most recent state-approved adoptions in the core areas of Reading/Language Arts, Mathematics, Science and History/Social Studies (Health is included in the Science curriculum), a textbook inventory was conducted at every school by September 2024. Each principal was responsible for ensuring that every student was provided with the necessary textbooks and instructional materials. In addition, the updated inventory count was also verified by each site for every classroom in September 2024. In addition, principals were responsible for the replenishment of needed textbooks at every grade level (TK-8). All ordering and delivery materials are through an established set of procedures with the District Service Center. As part of the monitoring of sufficiency of textbooks and instructional materials, principals submit a school wide and an individual classroom report to the Curriculum, Instruction, and Assessment Department annually.

As a result of the inventories, the Franklin-McKinley Board of Education certified that each student in grades TK-8, including English learners, have been furnished a complete set of core instructional materials and textbooks that meet the requirements of the California Education Code. A public hearing regarding the sufficiency of said materials that are consistent with state-adopted frameworks was held on September 24, 2024. A Resolution on Sufficiency of Materials, according to the Williams Act mandates, was passed at a public hearing on September 24, 2024.

School Facility Conditions and Planned Improvements

McKinley Elementary School has 25 classrooms, a multi-purpose room, a library and an administration building. The main campus was built in 1968. The site has two (2) 8-hour custodians and one (1) 5-hour custodian assigned to clean and disinfect the site on a daily basis.

In 2020 FMSD Bond Measure R was passed and funded several site improvements to the facilities including campus-wide exterior painting and signage updates (2021), installation of security cameras at all entrances and access gates (2021), roof repairs (2021), installation of ceiling-mounted projectors on most classrooms and the multi-purpose room (2021), and on-going maintenance and repair of all our HVAC systems. The school site funded the installation of new irrigated garden beds in front of the cafeteria (2022).

ESSER funds were utilized to provide additional picnic tables for outdoor learning use (2021), and a designated Wellness Center was established to ensure students are provided with psychological and counseling services and a safe, healthy, and connected school environment (2021).

In the summer of 2023 all asphalt was replaced in the upper playground, lower playground, main parking lot, and ancillary parking lot. Playgrounds were regraded to support with drainage. Playgrounds had new basketball posts, new tetherball poles, and new striping installed. The area under the playground solar panel was paved with new seating installed, and all grass in the playground field was replaced with a new irrigation system.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Opportunities for parents to be involved include:

- School Site Council (SSC)
- ELAC and DELAC (English Language Advisory Committee/ District English Language Advisory Committee)
- Parent-teacher conferences and other parent meetings (GATE, SSTs, IEPs, etc.)
- Empathy Interviews — Family interviews to begin the school year that allow families and teachers to get to know each other and build partnership.
- Coffee with the Principal — Monthly meetings with parents to discuss school updates, parent ideas/questions, and to create and foster community.
- Classroom and School Volunteers — There are opportunities for parents to assist the teachers, support school activities, and to help the students in areas of need.
- Home-School Connections — Teachers have students connect in-class learning to their lives at home.
- Classroom “Gallery Walks” — Parents in grades K-3 are invited to visit SEAL classrooms at the end of each unit to celebrate students' learning.
- Student Awards Assemblies — Students are recognized at the end of every Trimester for academics and every month for character traits.
- Community Events (Costume Day & Parade, Back to School Night, Open House, Literacy events, Winter Performance, etc.)
- Parent Institute for Quality Education — Parents take classes to learn about the education system and how to help their children succeed.
- Parenting Trainings and Groups — McKinley offers classes for parents in partnership with Catholic Charities, Pacific Clinic, Project Hope, CommUniverCity, Cultivating Literacy, the county office education, and other outside organizations.
- Weekly Progress Reports
- Regular communication through Parent Square and paper flyers.

2024-25 School Safety Plan

All schools in the Franklin-McKinley School District have a detailed, comprehensive safety plan designed to ensure the health, security, and wellbeing of all students and staff. The safety plan consists of a wide variety of site drills designed to meet a number of emergency situations that might arise. All school sites within Franklin-McKinley School District practice fire,

2024-25 School Safety Plan

earthquake, and active shooter drills. There are also social-emotional goals and strategies for promoting a positive school climate. There are established committees to review safety procedures, correct any problems that may exist and expand FMSD's capacity to deliver services when and where needed. In addition, all required drills are calendared, completed, and evaluated with the results being communicated to all staff and parents in the medium of the school website and via email from an administrator. The School Safety Plan is reviewed, updated, and discussed with the school faculty and approved by the Board of Trustees each year before March 1.

The 2025-2026 safety plan is still being developed. The School Site Council provided input on the plan on 12/5/24. School faculty have provided input on 12/10/2024. Students provided input through the fall Panorama student surveys. Specific Safety Plan goals for 2024-2025 address the areas of attendance, students feeling safe talking about their ideas and feelings in class, students' self-efficacy, and positive student behavior.

Professional Development

The primary areas of focus for our professional development in FMSD schools is training our staff to support the goals outlined in the district Local Control and Accountability Plan (LCAP).

FMSD provided teachers with professional development that emphasized the district focus, “Learning to Read” before students returned to school in August. Staff was provided with professional development opportunities that focused on the newly acquired supplemental phonics programs SIPPS and Sonday, along with sessions on the phonemic awareness program, Heggerty in grades K-2nd. Middle school staff was provided with workshops covering vocabulary instruction and morphology at the secondary level to ensure alignment to the FMSD Literacy Block. Additionally, staff participated in workshops that provided an overview on new adoptions; TCI, K-6 Social Studies and the TK Curriculum, Creative Curriculum for Transitional Kindergarten, California, as well as continued learning in Math, Science, and Writing instruction. New teachers were provided workshops orienting them to the district adopted curriculum and participated in Implicit Bias training. Special Education staff received training on facilitating and writing IEPs, and the requirements for Special Education instruction. Throughout the fall, optional professional development opportunities were provided monthly including topics such as Assessments including ESGI, NSGRA, FastBridge, Lexia, SIPPS, Sonday, Heggerty, and Orton-Gillingham foundational training.

In January 2024, teachers will participate in a full-day series of professional development. Workshops will align to the district focus, with professional development focused on Tier I instruction. Last school year, all staff were provided training in Implicit Bias from Collaborative Learning Solutions. This year, 2024-25, FMSD provided Implicit Bias training for all new staff and staff who were unable to attend training last year.

Ongoing Professional Learning Communities allow teachers to learn from each other and discuss best practices. All FMSD schools are participating in the implementation of a Multi-Tiered System of Support (MTSS) focused on Tier I instruction and universal access. Four schools (Dahl, McKinley, Los Arboles and Santee) continue to participate in the Sobrato Foundation SEAL (Sobrato Early Academic Language) program. These schools participate in professional development and curriculum support to meet their diverse populations and to help English Learners. Teachers participated in asynchronous training provided by SEAL.

Starting in the spring of 2025, McKinley teachers and staff will participate in a series of professional development focused on

Professional Development

an effective discipline approach that integrates social and emotional learning while reducing challenging student behaviors. Topics covered in the series of training include develop a large teaching toolbox of kind and firm discipline approaches, establish explicit classroom structures and procedures that create an equitable classroom community based on mutual respect, understand the motivation behind students' misbehavior and how to encourage positive change, facilitate effective class meetings teaching social skills and problem-solving, learn Positive Discipline/Adlerian psychology for use in the classroom and school community, and generate an awareness of cross-cultural issues in facilitating social and emotional learning.
