Register Online:

www.boarding.org.au/training-academy/certificate-courses/registration

This certificate course provides participants with knowledge and tools to strengthen risk management in Boarding House environments.

It begins with an in-depth exploration of AS5725:2015 Boarding Standard for Australian schools and residences, followed by learning how to implement a risk management framework in the context of Boarding Houses.

Participants will also engage with case studies to apply the principles of AS5725:2015 and ISO 31000 Risk Management - Guidelines. Through interactive sessions featuring practical tips, case studies, and group discussions, you will be able to strengthen your approach to risk management within the Boarding House setting.

Boarding Professional Development

Course Details

Certificate Courses

As part of the professional learning opportunities offered by ABSA, there is a range of Certificate Courses specifically aimed at professionals working in boarding schools. These certificates concentrate on one key aspect of learning and provide those undertaking the courses with in-depth knowledge of the topic. These also allow participants to obtain Continuing Professional Development points, ensuring the requirement of the Boarding Standard for Australian Schools and Residences to take part in continuous boarding specific learning.

Course Structure

- **Module 1:** AS5725:2015 Boarding Standard for Australian Schools and Residences. Develop an understanding AS5725:2015 and how it can be implemented within a Boarding House setting.
- **Module 2:** Risk Management: Identifying and Assessing Risks in Boarding Houses. Describe the key elements of a risk management framework along with methods for identifying risks in a Boarding House and performing a risk assessment.
- **Module 3:** Risk Mitigation and Risk Artefacts. Explain how risks can be reduced through the application of key controls and the importance of key risk artefacts that should be prepared and maintained for a Boarding House.
- **Module 4:** Case Study. Participants will work through a case study to demonstrate a deep understanding of risk management within a Boarding House setting.

Objectives

- Develop a solid understanding of AS5725:2015 to build a strong Boarding House environment.
- Gain the knowledge and tools needed to improve risk management practices in Boarding House environments.
- Learn techniques to identify, assess and mitigate risks that exist within Boarding House environments.
