

Pitman School District is proud to support Preschool Education. We offer a developmentally appropriate, state-endorsed, Creative Curriculum. All of our teachers are highly trained and hold degrees in Early Childhood Education. Each classroom is supported by instructional assistants. Our child-friendly learning environment promotes cognitive and language development, social and motor skills through exploration, creativity, play and academic enrichment. Outdoor and indoor play space is provided for physical development. A full-time nurse is on site.

Our preschool program is part of the state of New Jersey's Preschool Expansion Aid funding, and as such, provides Pitman families with the opportunity to enroll their child in our public preschool program free of charge. The funding requires our students to be 3 or 4 years old by October 1, 2025. Any students who are age 5 prior to October 1, 2025 are eligible for kindergarten.

Preschool pre-enrollment will open on February 3, 2025. The link can be found linked below, on the district website, and district social media. The pre-enrollment will close on March 6, 2025. If needed, a lottery will be held on March 6, 2025 with notification of an available seat for your child on March 7, 2025.

If your student is currently enrolled in the Pitman School District Preschool Program they will automatically be re-enrolled in the 25-26 school year. Current preschool students will be placed in the next school year according to their appropriate age and grade designation.

A parent workshop night will be held at Memorial School for new interested families on February 20, 2025 from 5:30-7:00 PM. More information will be posted on district social media. Tour the building, ask questions and receive help with registration onsite.

Should you have any questions regarding the registration process, please contact Mrs. Rainey, Preschool Clerk, at crainey@pitman.k12.nj.us or Mrs. Miller, Memorial School, Principal, at ksagermiller@pitman.k12.nj.us.
