Admissions Prioritization Sequence

Due to the high demand for spaces, we are unable to accommodate all qualified prospective students. Thus, the following admissions priorities apply:

1. Qualified children of US Embassy diplomatic personnel.
2. Qualified siblings of currently enrolled children at BFIS.
3. Qualified US passports holders, whose home language includes English.
4. Qualified children of Alumni or qualified children of returning BFIS family.
5. Qualified international children or qualified children coming from other international schools located outside of Spain where English is the main language of instruction.
6. Other qualified children as space permits.

Within each of the categories, priority is given to children with native or near-native level of English; after that, priority is based on the application completion date.

The following will be considered:

1. Demographics percentage in each grade.
2. Support services needed in each grade.
