

Policy Subcommittee Minutes

1/30/25

Present: Emily, Donel, Kat, Kerri, Chris, Jordan

Absent: NA

Approval of minutes from 12/8/24

Civil Rights Complaint Policy EFE

From food service audit, BPS needed to have this policy in place with a link to the procedure for complaint. Policy hasn't changed, link was just added.

Sending to full committee for a vote to approve updated policy EFE with the link to procedure.

Student Rights Policy JI

Related to the food service audit, needed to review Student Rights Policy. We need to add an additional item as #6. Students have the right to request a modified meal for school meals. New wording has been added to current policy.

Sending to full committee for a vote to revise policy JI

Artificial Intelligence and Academic Integrity Policies

New policy IJNDD, second time we are viewing, Chris added a section related to academic integrity on assessments. Keeping policy simple and not restrictive so it can be changed as AI changes. We are early adopters of this type of policy, no other towns have this in place.

Since this is a new policy, draft will be sent to all staff and sc members to view prior to vote.

Update to Policy IJNDB, only change is to include language "including artificial intelligence" to current policy. Sending to full committee for vote

New Policy IME-E2, only change is on page 2 related to academic honesty and plagiarism related to AI. This form is currently in student handbook, will be updated with new language

Sending to full committee for vote

Advertising Policy KHAA

In an effort to clarify which types of flyers should be approved and posted to the website, Kerri looked at policies from a couple other districts. BPS is planning a website that will hold all flyers related to students. The site will have two sections (BPS related and outside organizations).

Questions still remain about which flyers to approve and how these guidelines should be set.

Should we even include outside flyers? Flyers that benefit BPS students only? Need to consider what, who, where related to organization. Cost should be listed on flyer, scholarships, equity for all students, translated into three languages. Kerri is going to look further into policy and speak with the building admin and will modify and bring to an upcoming policy subcommittee meeting.

This would not take effect until next school year.

Vote to adjourn 3:46pm
