2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Taylor Mountain Elementary School, established in 2007, is the newest transitional Kindergarten through Sixth grade elementary school in the Bellevue Union School District. Taylor Mountain Elementary School sits next to an open field, a creek and Taylor Mountain. It is a beautiful school setting in beautiful Sonoma County. The mission statement or 'why' for Taylor Mountain Elementary School and our school community is to give students what they need. The entire staff works diligently to provide support for students both academically and socio-emotionally. Taylor Mountain's goal has been to continue the high academic standards set by the district and establish a sense of community. Taylor Mountain is committed to supporting the students it serves academically, emotionally, and physically in a positive and safe school environment. There is firm belief that

2024-25 School Description and Mission Statement

all students can learn through identifying individual strengths. We are responsible for providing opportunities for our students to be successful and thus gain in confidence and self-esteem. Collaboration within the community is an essential part of our school. The students at Taylor Mountain are supported academically and behaviorally as well through our after school program, CalSERVES, serving TK Kindergarten-6th grade students. In addition, we are fortunate to offer after school clubs and activities for our students some of which include: Volleyball, basketball, Marimba, weekly piano lessons and STEAM offerings with Move Over Mozart.

Expectations are high for students, staff, and the Taylor Mountain community. The staff collaborates on a weekly basis to plan lessons, analyze student assessments and regroup for instruction. The staff is professional, nurturing, and committed to providing to our students the best education possible. A clearly articulated standards-based curriculum is delivered to all students, thus enabling them to reach their potential. Well-defined goals foster creativity and initiate high academic achievement for all. The extensive use of technology is employed to assist with the dis-aggregation and analysis of student test data to guide instruction. In addition, all instructional staff participate in staff development activities focused on instructional strategies and the analysis of student test data. Taylor Mountain continues to make strides in terms of providing technological access for our students. Students in 1st-6th grade have 1-1 Chromebook access with grades TK-K students having 1:1 iPad access. All students have access to personal headphones and a mouse.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents play an important role in our school community and are formally involved in Taylor Mountain Elementary School through our monthly Principal Coffee events, ELAC, School Site Council and volunteer opportunities. We strive to increase parent participation as well as offering family evening and school day events. We offer community events such as Dia de Los Muertos Fall Festival, Pozole Night, Spring Hawk Fest, Back to School Night, Title I meeting and Open House. Parents are encouraged to serve as volunteers in classrooms for special school programs and events as well as providing general assistance when needed. Our after school program is offered by CalSERVES. All written and verbal communication from the school is translated into all language of preference including upcoming events listed on our marquee as well as information contained on our school website. We also employ use of Parent Square, which is a program that allows us to contact our parents via telephone, text and email and leave pertinent school messages and information in the preferred home language.

2024-25 School Safety Plan

Our school's Safety Plan assures the safety of students and staff in case of an emergency. It includes the ability to communicate with the district office and outside agencies for ongoing support services through a strong network of city, county, state and federal communication services. School-wide safety drills are conducted monthly. The School Plan is updated

2024-25 School Safety Plan

annually and approved by the School Site Council (January 13, 2025). School Safety is discussed at the School Site Council meetings, Parent Coffee Meetings, and during Certificated and Classified Staff meetings. As a staff we reviewed the Safety Plan on January 8, 2025.

At Taylor Mountain School we believe that student safety is our highest priority. Key elements of the plan include emergency disaster procedures, ingress/egress of pupils, parents and employees, discrimination and harassment policies, and attendance. At our weekly staff meeting we discuss disaster procedures, ingress/egress of pupils, parents and employees, discrimination and harassment policies, and attendance.

Professional Development

Ongoing professional development is an important part of improving our school program. Our school district invests heavily in professional development and as a result our students receive excellent instruction. The school district and Taylor Mountain Elementary provide professional development targeted to raise student performance on the CAASPP, STAR Reading Assessment and the ELPAC. The major improvement efforts this year have focused on English language development, Writing, Math Coherence, and GLAD (Guided Language Acquisition Design) training by focusing on our district-adopted instructional framework and strategies. Our district also provides individualized coaching through the use of a consulting teacher, district teacher on special assignment, and release time to observe in other classrooms for teachers to receive additional professional development and support in individual areas of need. Teachers meet at least weekly in PLCs and collaboration time to analyze student data, plan instruction and evaluate student learning. Technology is used extensively to disaggregate and analyze student data to guide instruction. Additionally, our district has a full time TOSA (teacher on special assignment) to support teacher professional development in the identified areas of literacy skills, English language development, small group intervention, as well as student achievement.
