### PROGRAMS OF DISTINCTION

As an integral part of JCS college-preparatory programming, the Pathways are designed to expose students to professional fields and career opportunities through specialized curriculum, mentoring relationships, and experiential learning. Alongside general education requirements, the JCS Pathways Program is a focused, innovative course of study to prepare students to be competitive and successful in college in the current professional climate. JCS students have the opportunity to hone critical industry skills, make strides toward their future goals, and connect with internship and career opportunities.

### STUDENT LEARNING SERVICES

Our mission is to provide services that support learning opportunities for all students. At JCS, we recognize that each student learns uniquely. We want to offer them the tools to fulfill the plans God has for them and their unique learning styles. We strive to provide programs that support and enrich these students, so they can succeed in our rigorous program.
