## Winter Concert

### Band's First Concert in 15 Years

In a truly historic moment, our band performed its first concert in over a decade and a half, dazzling the audience with an array of well-practiced pieces. The enthusiasm was palpable as both students and community members celebrated this milestone event. With the support of passionate teachers and hard-working students, the band's successful debut marks the beginning of a renewed musical journey, paving the way for future performances that will continue to strengthen school spirit.

## Senior Service Project

Our seniors recently visited the Montgomery County Humane Society as part of a community service project.

Students had the opportunity to assist with daily tasks, spend time with animals awaiting adoption, and learn about the importance of responsible pet care. Beyond fostering compassion and empathy, they constructed feral cat warming shelters so free-ranging cats can stay warm in the winter.

## Winter Sports Update

The winter season is in full swing, and our athletes are giving it their all. The basketball teams have hit the court with determination, showing excellent teamwork as they hone their strategies against formidable opponents.

Bowling enthusiasts have also been making strides, demonstrating focus and precision at the lanes.

Meanwhile, the cheerleading squad has been energizing the crowds with their spirited routines, uniting our teams and fans. We look forward to watching each of these teams develop and excel throughout the season!

## Ag-Ed Update

Agriculture Open House

The Ag Ed Open House is  
January 13, 2025 from  
3:00-6:00 PM.
