

Why Choose Minnetonka Schools?

Excellence From Start to Finish

By choosing Minnetonka Public Schools, your child joins a district that is nationally known for innovation and excellence. From a nurturing, personalized approach in elementary school to real-world, hands-on learning programs in high school, the District strives to meet each student's unique needs. With outstanding teachers, state-of-the-art resources and a caring environment, students are empowered to reach their full potential.

ELEMENTARY SCHOOL (GRADES K-5)

Minnetonka's six elementary schools provide a strong foundation for lifelong learning. Class sizes are among the smallest in the metro area, and personalized child-centered instruction helps every child thrive. Families are able to choose between English instruction or language immersion programs in Spanish or Chinese, starting in Kindergarten. Innovative offerings such as K-5 computer coding, engaging arts programs, and hands-on science curriculum encourage creativity and critical thinking. The District's teachers ensure every student is prepared to succeed.

MIDDLE SCHOOL (GRADES 6-8)

Minnetonka's two middle schools empower students to grow into confident, independent learners while navigating this important stage of their lives. Middle school students have the chance to discover and expand their interests by selecting from a wide range of honors courses, engaging extracurricular activities and programs in STEM, arts and athletics. With a strong emphasis on collaboration and leadership, Minnetonka's middle schools prepare students for the challenges of high school while fostering a sense of curiosity and a love for learning.

HIGH SCHOOL & S.A.I.L.

Minnetonka High School is ranked among the best high schools in America with unparalleled opportunities for students to find and pursue their passions. With a commitment to excellence, students excel in the four A's: academics, arts, activities and athletics. Through curricular and co-curricular opportunities, students develop strong character and leadership skills. Beyond high school, the Students Achieving Independent Life (S.A.I.L.) Transition Program prepares students with special needs aged 18-22 for adult life by focusing on career training, independent living and community participation.

Join a Community Committed to Lifelong Learning

Minnetonka Community Education

Minnetonka Community Education (MCE) is dedicated to providing lifelong learning opportunities for people of all ages. From early childhood programs to adult education, MCE offers enriching experiences that foster personal growth, build skills, and strengthen community connections. With a diverse range of classes, programs and activities, there's something for everyone to enjoy.

PRESCHOOL & ECFE

Preschool and Early Childhood Family Education (ECFE) classes are designed for children from birth to Kindergarten. Preschool offers unique learning opportunities such as STEAM (Science, Technology, Engineering, Arts, and Mathematics), Nature Adventure, Spanish Immersion and others. Through hands-on opportunities, your child will explore, grow and develop a love for learning.

EXPLORERS CHILDCARE

Reliable and flexible before- and after-school childcare programs provide a safe, engaging environment for children to learn and play.

YOUTH ENRICHMENT

Community Education empowers kids to explore their interests with programs in STEM, arts, leadership and other exciting academic areas.

MUSIC ACADEMY

Kids of all ages and skill levels grow their talents with instruction on a variety of instruments and through voice lessons and music theory.

YOUTH RECREATION

Kids stay active and build teamwork skills with sports leagues, camps and physical activity programs designed for children of all abilities.

ADULT PROGRAMS

Adults explore personal and professional growth opportunities through classes in fitness, arts, technology, cooking and more.

EVENTS FOR EVERYONE

Everyone may participate in the many community-wide events, performances and celebrations.

Opportunities for High Achievers & Support for All Students

Academic Excellence At Every Age

Minnetonka Public Schools is dedicated to nurturing academic excellence across all grade levels, offering specialized programs and support tailored to meet the needs of all students.

ELEMENTARY SCHOOL: EXPLORING INTERESTS

Elementary teachers lay the foundation for success with a personalized, high-quality curriculum. Programs such as Wings and Project Think offer accelerated opportunities in math, reading and science, while the Navigator Program (at Excelsior and Scenic Heights elementary schools) provides specialized instruction for exceptionally advanced students. Extracurricular activities and clubs foster creativity and critical thinking. With small class sizes, hands-on learning, and a nurturing environment, each child is supported to thrive academically, socially and emotionally.

MIDDLE SCHOOL: PURSUING PASSIONS

In middle school, students discover new and exciting challenges across all subjects and courses. Advanced learners may engage in honors and accelerated courses designed to deepen knowledge and interest. The High Potential Seminar, a yearlong course, focuses on multidisciplinary units aligned with the National Association for Gifted Children Standards, challenging students with complex problems and higher-order thinking in a supportive environment. By the time they leave, middle schoolers are well-prepared for the academic rigor and outstanding curricular and co-curricular opportunities that await them in high school.

HIGH SCHOOL: EXPANDING ACADEMIC OPPORTUNITIES

Minnetonka High School offers robust academic opportunities, including Advanced Placement (AP), Honors, and International Baccalaureate Programme (IB) courses in diverse subjects and languages. Minnetonka Research provides authentic research experiences, while Project Lead the Way (PLTW) focuses on hands-on STEM learning. The VANTAGE Advanced Professional Studies Program and the MOMENTUM Design and Skilled Trades Program combine challenging coursework with real-world, project-based learning. Additional academic extensions are available through after-school clubs and activities, empowering students to achieve their highest potential.

Explore Interests & Maximize Potential

Signature Programs and Experiences

Hands-on experiences are at the heart of the District's approach to learning, providing students with the opportunity to explore, create and engage in meaningful ways.

ELEMENTARY SCHOOL: GROWING MINDS

Minnetonka's elementary schools provide a vibrant foundation for young learners. Students may immerse themselves in Spanish or Chinese language immersion programs, gaining bilingual skills that will last a lifetime. K-5 computer coding introduces children to problem-solving and builds digital literacy, preparing them for a technology-driven world. Art, music and theatre allow students to expand their creative talents, and engaging extracurricular activities ensure each child has the opportunity to be a part of a fun and supportive school community.

MIDDLE SCHOOL: BUILDING SKILLS

Minnetonka middle schools offer a wide range of experiences and courses to help students broaden their education. A comprehensive arts program, including visual arts, music and theatre, allows students to express themselves creatively and build confidence. Students may also choose to continue their Spanish or Chinese immersion education to develop deeper fluency. Expanded extracurricular opportunities, such as academic and social clubs and athletic teams, provide students with more ways to make friends and pursue interests.

HIGH SCHOOL: COLLEGE & CAREER READY

Minnetonka High School is a school of opportunity, offering programs that prepare students for success in college or their careers. Its nationally-known theatre program is among the best in the region. The International Baccalaureate Programme allows students to demonstrate advanced language proficiency by earning a Bilingual Diploma. Students interested in hands-on learning may explore the MOMENTUM Design and Skilled Trades Program, which includes pathways in construction, manufacturing, design, automotive and aviation. The VANTAGE Advanced Professional Studies Program connects students to internships, mentorships, and real-world projects. Minnetonka Research allows students to conduct collaborative research of their own design and to present at prestigious conferences. These programs, alongside an amazing athletics program, student-led clubs and an outstanding community provide students with a well-rounded high school experience that fosters growth, connection and preparation for success in the future.
