

Giles and Leigh will have a new lunch company, Organic Life, starting February 18th. The last day for Gourmet Gorilla lunch service is February 13th. Please continue to order lunch from their site until that date.

Organic Life offers fresh served food to the students through a cafeteria style line. The students go through the line and the food is plated for each child. This is a wonderful opportunity for our students to enjoy fresh food at lunch.

Organic Life does not require the students to pre-order lunch. The students can simply join the line if they want lunch. The students' Pushcoin account will be charged when lunch is picked up. The cost of lunch for families is \$4.35 each day.

You will find the menu in the lunch information box of the Giles and Leigh TRACKS

Since families do not have to order lunch we will have no idea if your child is planning on participating on a given day. **It will be critical for you to communicate with your child daily on his/her plan for lunch.** If students do not enter the lunch line, they may not get lunch or have enough time to eat. In reverse, if a student enters the lunch line, they will be given lunch, which means, **you will be charged for lunch.**

Please reach out to Mrs. Dicintio (tdicintio@norridge80.net) if you have any questions.
