

Welcome to the School-Based Family Health & Wellness Center

A partnership between Norwalk Next Steps High School and Norwalk Public Schools

We look forward to serving your family's health and wellness care needs. At our School-Based Family Health & Wellness Center, a Nurse Practitioner or Physician Assistant, a Licensed Clinical Social Worker/ Licensed Professional Counselor of Behavioral Health, and a Psychiatrist are available to you and your child during the school day and after-hours to accommodate working parents.

Together, we will work with you to keep you, your child, and your family in school and on the job. If your child or your family do not have a doctor or primary provider, we can help you find one.

*School-Based
Family Health &
Wellness Center*

**A partnership with Norwalk Next Steps
and Norwalk Public Schools**

Who is eligible to sign up to receive Family Center Health and wellness care?

Family Health & Wellness Center services are available to all Norwalk Public School students and all members of their families.

We invite you to select all the pediatric, adult medicine, women's health, and behavioral health services that you and your family may need during your children's school years.

If you or your child's primary doctor or pediatrician have questions, need more information, or want to sign up for School-based Health & Wellness Center Services, contact us.

We look forward to serving your family's health care needs.

Welcome to Norwalk Community Health Center.

Since 1999, generations of men and women throughout Fairfield County and beyond have entrusted their health care and the well-being of their children and families to us. We take that trust – and your health – seriously. Norwalk Community Health Center is rated among the top community health centers in the nation. We are dedicated to maintaining the high quality of care we provide our patients – from newborns to seniors – that enriches their lives at every stage and leads our community toward achieving its best possible health.

As a Norwalk Community Health Center patient, Services available to registered patients include:

- Referral to specialists/community resources as needed
- Coordination with Norwalk Community Health Center's dental, behavioral health and telepsychiatry, pediatric, internal medicine, and women's health teams
- On-site Pharmacy and Lab (120 Connecticut Avenue)
- Free wellness programs, classes and services such as Seasonal Farmers Market
- Pregnancy to Parenting Group
- Diaper Bank
- Mindfulness Group
- As our patient, you have a provider-led care team in your corner. You receive the benefit of cross-department care teams working together with you to reach the best health outcomes.
- Free wellness events and group programs are offered for our patients. We partner with local agencies and groups to bring health education and services to the community.

Norwalk Community Health Center is consistently rated by the US Health Resources and Services Administration in the top 15% of all 1400 health quality of care. Over 12,000 men, women and children entrust their medical, dental, and behavioral health care to us. And nobody is turned away because of status or ability to pay.
