Integrated Curriculum - Approved

- Motion to approve

Discussion:

- Online resources are needed, especially with distance learning.
 - OWE and Senderos resources are available online as well as Istation and NewsELA.
- Will there be an online tool for teachers that will include the rubrics for writing pathways?
 - The coordinators are currently building out blueprint courses in canvas which will include rubrics, curriculum maps, and prompts online. Spanish rubrics are already available online on the Intranet.
- We need to have a conversation on the amount of workload these resources have placed upon our teachers, especially on our dual language teachers.
- Guidance will be sent out on which language each assessment will be given in. The expectation will not be to have assessments done in both languages.
- The curriculum writing team and early implementers develop the guidance around common assessments. The resources do not determine the amount of assessments.
