

IPS Electric Charge Hockey Lab

Objective score a goal at the first difficulty level using the web page listed below. The below web page needs to be opened in Microsoft Explorer, Google Chrome will not work. Search Google "PHET electric hockey"

<https://phet.colorado.edu/en/simulation/legacy/electric-hockey>

To complete the lab a copy of the screen will need to be printed out and submitted with your name on it.

The difficulty 1 will need to be checked off (as in the picture below on the right)

The trace box will need to be checked off (as in the picture below on the right)

Need to score a goal using both positive and negative charges need to be used.
