

## School Health Services

Hancock County Public School System partners with Family Health Care to provide health services to staff and students. With this partnership an RN is placed at each of Hancock County's schools

### What can be provided:

Telehealth visits with the nurse practitioner from the nurse's office or from home

If your child is at school and you want the nurse practitioner to Telehealth with them to provide advice/ treatment the nurse can do this from the school. If they are home sick you can call our clinic located in Lewisport for telehealth or go to the Lewisport location (270-295-3777)

### Services offered at the school:

- Sick appointments
- Immunizations
- Strep Tests
- Flu Tests
- Flu Shots
- COVID tests
- Vision Screening
- Urine Tests

**Students do not receive a bill for any services provided by FHC Nurses.**

**A Parent or guardian will always be contacted before any services are provided to a HCPS student.**

**If you have any questions please contact the School Nurse.**
