To Parents of Students in Grades 6-8,

Beginning in the 2025-2026 school year, a new Chromebook will be issued to each middle school student and it will be theirs to keep. With the issue of a new Chromebook, there will be a one-time fee of \$400 to cover the cost of the Chromebook—the device, charger, school-required licenses, and device setup. Should the device be damaged, additional fees to repair the device would apply. This new technology fee will be divided into one of the following payment plans: 1) one-time payment if tuition is paid in one payment or 2) 11 equal payments if on the 11-month tuition payment plan.

The Chromebook is to be utilized for classroom learning and students are expected to maintain a level of responsible use with the device. In this way, our school Chromebook Use Policy and Student Responsible Use Contract will support daily technology usage that benefits student learning goals and outcomes.

As we navigate this change, we appreciate our school, students, and parents working together regarding technology use on our campus.

Sincerely,

School Administration

Believe, Achieve, and Serve
