

CTE Construction Scholarship

Sponsored by: Visionary Homes

Scholarship Information:

The CTE Construction Scholarship is sponsored by Visionary Homes, which is interested in building future construction professionals. Two \$3,000 scholarships will be awarded to students that meet all scholarship requirements.

The scholarship recipient must be a senior in high school within the Cache County School District pursuing ongoing education in a construction-related field. Added attention will be given to students who have completed an internship with Visionary Homes.

Two separate scholarships are available as follows:

- a. A \$3,000 scholarship will be awarded to a student pursuing a construction-related certificate at BTECH.
- b. A \$3,000 scholarship will be awarded to a student pursuing a degree in construction management at Weber State, UVU, BYU/BYU-I.

Tuition payments will be accommodated by the Cache Education Foundation (CEF). Payment will be made in one lump sum directly to the education institution once a student is registered and presents a tuition bill to CEF. Scholarship funds must be used within one year of the award date. The award may be postponed if the student has a good reason and submits an explanatory letter to CEF before June 30th of the award year.

Interested students should contact their CTE internship teacher or the high school counseling office for an application.
