Dr. Ayers listed the topics for the dinner meeting: 1) Leadership Governance/Board Communication

Chairman Lisa Durgin provided the following information introducing Leadership Governance to the board:

- School Board Leadership Governance creates a framework for district decisions. This includes defining expectations and creating school board roles and responsibilities so it is clear who is accountable for what and to whom.
- It is a collaborative effort providing consistency between the board, superintendent, and the district through a shared understanding of policies and delineating clearly defined roles and responsibilities for the best student outcome.
- Participating in a leadership governance framework aims to understand the board's and the superintendent's responsibilities. It drives the work of the board.
- Handouts provided to the board included the current governance materials and potential new materials, including board evaluation and board member evaluation.

The board discussed future workshops/retreats for updating Leadership Governance, bringing in a WSBA (Wyoming School Board Association) facilitator for training, and creating norms.

The meeting adjourned at 5:25 PM, with no action taken by the Board.
