Dear Lincolnwood Learning Community:

I am writing to provide an update on the recent cybersecurity incident involving PowerSchool. The District has been informed that PowerSchool will directly notify those individuals whose information was involved in the data breach in the next few weeks as its investigation continues.

PowerSchool will also provide information about obtaining identity protection and credit monitoring services it will offer through Experian, which is a globally trusted credit reporting agency. The preliminary details of those offers are listed below. Additionally, PowerSchool will manage a call center to answer questions regarding this incident. The phone number will be shared in the notices to affected individuals.

For individuals whose information was involved in the data breach, PowerSchool will offer:

- Two years of complimentary identity protection services.
- Two years of complimentary credit monitoring services (adults only).

The District is committed to working with PowerSchool to support you through this process and will continue to provide updates as they arrive.

Thank you for your understanding and support,

Jordan Stephen
Director of Technology
