Questions

The Board is asked to review and file the 2019-20 First Interim Financial Report. This report signifies a Positive Certification of Financial Condition based on the current State Budget information. The Positive Certification indicates that based upon current projections, the District will meet its financial obligations for the current fiscal year and in the subsequent two fiscal years. The District filed a Positive Certification for the 2019-20 Budget Adoption financial report in June 2019.

The CALPADS enrollment for the current year is 16 lower than the Original Budget projection. The 3yr average enrollment remains at 48. This is the first year in over fifteen years this district has seen a decline in enrollment. Because of lower enrollment in the current year, this First Interim ADA is based on prior year ADA that is a decrease from Original Budget of 5.17. Current year actual ADA is estimated to be a decrease of 31.32 from Original Budget. The state funds declining districts on current year or prior year, whichever is higher, to allow districts to plan for decrease of revenue. The enrollment projections are monitored closely and adjustments are made as additional information becomes available. The First Interim MYP projections include a slight decline in enrollment growth of 14 for 2020-21 and decline of 4 for 2021-22. The ADA remains flat at 7,814 for each year.

The Local Control Funding Formula includes the following components:

- A base target grant for grades 9-12 equivalent to **\$10,218** per ADA. This amount includes an adjustment to the base grant to support CTE.
- A 20% supplemental grant in the amount of **\$603** per ADA for English learners, students from low-income families, Homeless and foster youth to reflect the increase cost associated with educating those students.
- An additional concentration grant of up to 22.5% of LEA's base grant, based on the number of English learners, students from low-income families and foster youth served by the LEA to comprise more than 55% of enrollment.

The LCFF moved from a state-controlled system that emphasizes inputs to a locally- controlled system focused on improved outcomes. Districts are required to increase or improve services for English learners, students from low-income families, Homeless and foster youth in proportion to the supplemental and concentration grant funding. The District continues to update the Local Control Accountability Plan annually, which identifies local goals in areas that are priorities for the state, including pupil achievement, parent engagement, and school climate. The District's unduplicated % for the First Interim is 31.49% slight increase from 31.00% at Budget Adoption. The District does not receive concentration grant. The unduplicated LCFF percentage is a calculation based on a 3 year rolling average of the Districts CALPADS unduplicated enrollment counts. COLA for 2019-20 is 3.26% and is applied to base grant. The LCFF revenue decreased from Original Budget projections by \$224,757 due to the decrease in ADA.

Computers are an ongoing necessity for the SBAC and NGSS testing and as a result, the District is contributing funds to Fund 17 to help sustain the number of computers needed in the future. The contribution to Fund 17 is \$500,000 in current year and \$250,000 for each subsequent years.

Fortunately, our generous community supported Measure U, which is a facilities school bond measure. As a result of the passage of Measure U, the general fund will no longer contribute to fund 40. \$60M of Bonds were sold in 2016 and the District has several projects in progress currently. The bond funds are tracked in Fund 21 in the Districts financials.

Each year, the District addresses its salary and operational costs. There are cost increases for staff moving along the salary schedules and increases in utilities and other operational costs. The First Interim and MYP include the increases for the 2 year negotiated settlements reached in January 2019 with Certificated, Administrators as well as Confidential/Supervisory employee groups. However, it only includes amounts for 2019-20 with CSEA. We continue to budget and monitor for increases for STRS and PERS employer contributions. The MYP also includes CPI increases from the School Service dashboard for supplies and services and \$450K reduction to CTEIG state revenue. Due to the recent update from Legislative Analysis Office suggesting that the COLA may be lower than what is projected in this MYP, the COLA for 2020-21 and 2021-22 will need to be monitored in the coming months because it could result in an estimated \$1M (\$129 per ADA) decrease in LCFF on going revenues.

The First Interim Financial Report MYP is using the FCMAT LCFF calculator and School Services recommendations that reflects the following COLA and Gap funding rates:

	2019-20	2020/21	2021/22
COLA	3.26%	3.00%	2.80%
GAP Funding rate	N/A	N/A	N/A

Cash flow has improved at the state level. LUHSD is closely monitoring internal cash flow by working with COE and County Treasurers Office to ensure cash is not a problem.

Due to the above-listed items, this First Interim Report illustrates that LUHSD is projecting to operate at deficit \$1.27M in the current year. The deficit is partially due to the spending of one-time carryover funds. Using the School Services LCFF revenue projections, we are expecting deficit spend in the amount of \$1.69M and \$667K for 2020-21 and 2021-22 respectively. Because the District is deficit spending and now only receives COLA increases (no LCFF gap funding), the District will need to maintain "best fiscal practices", and continue with prudent fiscal management when considering additional expenditures, and maintain adequate reserves. The district is able to provide the state required 3% Reserve for Economic Uncertainties in addition to the 2% Board reserve in the current year as well as two subsequent years. As you can see from the MYP, the District is estimating a very low undesignated balance in 2020-21 and 2021-22 and this will need to be monitored closely if the deficit spending pattern continues.

The District will continue to address its financial condition and analysis of the budget and provide updates and recommendations to the School Board. It is critical for our district to monitor the declining enrollment and the impact of LCFF COLA's.

The Board is asked to review and approve the 2019-20 First Interim Financial Report.

SSC School District and Charter School Financial Projection Dartboard 2019-20 Adopted State Budget

This version of School Services of California, Inc. (SSC) Financial Projection Dartboard is based on the 2019-20 adopted State Budget. We have updated the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and ten-year T-bill planning factors per the latest economic forecasts. We have also updated the Local Control Funding Formula (LCFF) factors. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are general guidelines.

SECTION IV - Detail of Adjustments to Base Expenditures (used in Section III, Line A.1)

Description of Adjustments	Total Expenditures	Expenditures Per ADA
total adjustments to base expenditures	0.00	0.00

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 1,951,040.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 73,626,077.63

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 2.65%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. _____

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.28%) times Part III, Line B18); zero if negative	<u>301,139.49</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.28%) times Part III, Line B18) or (the highest rate used to recover costs from any program (3.28%) times Part III, Line B18); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>301,139.49</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>

I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances
