| Subject:        | <u>Smoking on District Premises and Property</u> | Revised    |               |

The Board recognizes that smoking presents a health hazard which can have serious health consequences for both the smoker and the non-smoker. For the purposes of this policy, smoking means all uses of tobacco, including cigar, cigarette, pipe, and chew.

Beginning with the 1992-93 school year, the District will become a smoke-free environment, and smoking will not be permitted in any District facility or on any District property. The District shall post signs indicating that the Liberty Union High School District is a smoke free environment. Enforcement procedures will be established by the Superintendent or his designee and will be communicated to school personnel, parents, students, and the community.

Visitors who are observed smoking or using tobacco products in violation of the Liberty Union High School District Tobacco Free policy shall be asked to refrain. If the individual fails to comply with the request, his or her violation of policy may be referred to the site principal or other school district supervisory personnel responsible for the area or program during which the violation occurred. The supervisor will make a decision on further action which may include a directive to leave school property. Repeated violations may result in a recommendation to the Superintendent to prohibit the individual from entering school District property for a specified period of time. If deemed necessary by school administration, the local law enforcement agency may be called upon to assist with enforcement of this policy.
