Subject: Promotion/Acceleration/Retention

The Governing Board expects students to progress through each grade level within one school year. To accomplish this, instruction should accommodate the variety of ways that students learn and include strategies for addressing academic deficiencies when needed.

Progress toward high school graduation shall be based on students' ability to pass the courses necessary to earn the required number of credits and, beginning in the 2003-2004 school year, on their ability to pass the state high school exit examination.
