

3. Efforts did not work European would secretly bring in British goods
4. Britain put their own blockade around Europe
5. Britain had a strong navy so the blockade worked very well
6. This brings down the French economy and other European countries

B. Mistake 2

1. Napoleon decides to make his brother king of Spain in 1808.
2. Spanish people were loyal to their own king.
3. Received help from Britain and able to retaliate for 5 years
4. Napoleon loses 300,000 troops

C. Mistake 3

1. Napoleon tries to take over Russia in 1812
2. Enters Russia with more then 400,000 troops
3. Manages to make it as far as Moscow the capital, but his troops are unable to find food or supplies.
4. Troops are ordered to head back but on the trip cold, hunger and spot attacks killed thousands, others leave.
5. By the end Napoleon only had 10,000 troops left able to fight

D. The End

1. Other countries sense Napoleon is weak and use it to their advantage.
2. Germany defeats him in 1813
3. 1814 gives up his throne and leaves France
4. Tries to return in March of 1815 and is able to raise another army but by June he loses his final battle Waterloo, Belgium.
5. Sent to a far off island in the Atlantic Ocean and dies in 1821
