New Meeting Minutes:
Look at this years goals (for the 2 budgets) to see progress and look and next years goals.
In the past, our goals have been very heavily tied to reading. Next year we would like to do:

Goal 1: Reading: K-5 80% on benchmark through Acadience: Money for Reading aides

Goal 2: Math based off of iready: Money tied to technology- have a lot of technology needs for the school in the coming years… need to start chipping away at projectors, chromebooks and teacher computers

TSSA: 1. Math goal, money tied to parapros

2. SEL goal- money to half of counselor

Move to approve next years proposed goals for budgets: Bryce 1st, Jennifer 2nd. Feel good about money to each of those components- staff and technology

Anyone leaving on council? Not so far… maybe add a couple people so not everyone is on the same rotation….

Literacy night: different rotations
