#### IV. New Business

1. Trust Land Final Report (review last year's progress) Shellie went over school reading goals. Goal: 80% (of lowest 25%) will show growth, 77.5% did! Goal: 80% will average 85% or higher on Go Math tests, 60% did. Full time counselors help overall mental health for students, Counselor met with 56 students last year. Shellie went over 2020 Targets & Results for 2020 and compared them White Pine's score as well as our school report card.
  - a. Jessica asked if 44% of low-income students were applying for free or reduced lunch. Shellie asked Teri to reach out and see where the state got that 44% number. (Can we qualify for title 1?)
  - b. Jenifer asked about a plan for increased class sizes, Terri informed us they are making a committee to analyze data of what's going to happen with the new subdivisions being built. The district increased by 750 students. There are 11 elementary schools that are over capacity. The district is very on top of it.
  - c. Next month we will discuss this year's progress and make plans for next year
2. Digital Citizenship PDF from the District: Shellie showed and explained the digital citizenship form and how we review this as a school to keep students and teachers safe using technology. The school librarian is teaching digital citizenship as part of her curriculum, students will attend an assembly on digital citizenship.
3. Principal's 200 Club and School Wide Expectations: Shellie introduced her new 200's club and how she has set behavior expectations for every part of the school. Students can get an "Eagle Ticket" for doing something great and Shellie will call and inform parents, and they get to put their name in the 200 chart. This chart will start in February.
4. Thank you to PTA for raising money for One Book One School, we will sell some more pizzas to raise the remaining amount so Shellie will kiss a pig!

- a. Jessica asked if any other parents are hearing that their kids are not having enough time to eat lunch. -There are 20 minutes allotted to eat lunch, if they are not done eating they can go to a table at the front to finish.
- b. Shellie followed-up about the water bottle fountain, if we get the money “Bruce” can install it.
- c. Jenifer asked about the flag out front, Shellie is going to have Daniel replace it.
- d. Shellie asked the council if they wanted to set the goals for next year, or just approve the ones that Shellie sets, they decided to approve the ones that Shellie sets.
