

Adding your dependents is easy!

How to register a dependent with AllyHealth on the mobile app.

1. Login to your account on the mobile app.
2. Click on the button to the far right in the bottom menu.
3. From the "More" section, click the "+" button (labeled "Add New") on the top left of the screen
4. Follow the steps to add your family member.

How to register a dependent with AllyHealth on the web portal.

1. Login to your account on the web portal.
2. Click your profile on the top right of your screen.
3. Choose "My Account" from the drop down menu.
4. Once on your account page, navigate to the "Family & Dependents" tab.
5. Click "Add a Family Member."
6. Follow the steps to add your family member.

Once your family members are added to your account, they will be able to talk to one of our providers or use any of the other benefits and services included in your AllyHealth family membership.

If you'd rather register your family member over the phone, you can do so at any time by calling 1 (888) 565-3303 Ext 2.
