George P. Stein Vocational Scholarship

In 1997, during Stephanie Prioste's year as President, Tracy Sunrise Rotary formed a non-profit foundation with the sole intent of funding educational scholarships. The first of which was named for Club Secretary George P. Stein. Any scholarships paid out would be paid from the interest only and the principal would never be touched. Initially only two scholarships were awarded each in the amount of $1,000, one to a graduating senior at Merrill F. West High School, and the other to a graduating senior at Tracy High School. In 2009, we began including Stein High School named in honor of George and Evelyn Stein. In 2010, we added Millennium High School. In 2012, we added John C. Kimball High School.

The legacy that George hopes to leave behind is that he will have enabled a group of young people who have vocational talents the ability to pursue their dreams, "to give them a little boost." Vocational professions are often not considered "upper tier" but they are of no less importance to our community.
